## SCENIC • FLIGHTS

The history of Johannesburg and its origins takes us back to the 1880's. With the discovery of gold, prospectors and fortune seekers from around the world flocked to the region, colloquially referred to as the City of Gold.

Our scenic flight whisks guests across this historic landscape, providing an aerial perspective of the diverse natural and man-made features, home to a population of approximately 5.9 million people.

### WHAT WILL YOU EXPERIENCE?

Guests will enjoy the comfort of the lounge both pre and post flight, along with a selection of delectable treats and refreshments. Walk directly from the lounge to your awaiting aircraft, escorted by host and crew.
