VISTAS

A close-up photograph of an elephant's skin, showing deep wrinkles and a textured surface. A small, light-colored tag with a hole is attached to the skin on the left side. The tag has the text "UP CLOSE" written on it. The skin is a mix of brown and tan colors, with some areas appearing more saturated and others more weathered. The lighting is bright, highlighting the intricate patterns of the elephant's hide.

Severin Schulte & Sebastian Severin Schulte

We are not complacent about our tradition. Rather, it's our motivation to do our best every day.

WELCOME & KARIBU!

Fascinated by freedom and adventure, my father Rudolf bought a piece of land near Mombasa at the Indian Ocean over 40 years ago, where he opened a small hotel for his friends and himself in 1972, calling it Severin Sea Lodge. This was the cornerstone for our hotel and tourism business today.

The Severin philosophy is marked by clear values, special emotionality and a sincere commitment to sustainability. We apply the highest standards of ecological and socially responsible action. Our association "Skills for Kenya" supports socially vulnerable and disadvantaged young people in their professional training and further development to allow them better access to a professional life.

What my father once initiated, I am carrying on today as managing director of Severin Touristik GmbH. Africa, and particularly Kenya, continues to inspire me. Those vast open spaces, the breathtaking wildlife, the roar of the Indian Ocean, the friendliness of the people. Together with dedicated friends, my family created two oases that reflect our deep attachment to a country that is on its way to democracy.

Numerous awards and certificates are evidence of our responsible interaction with the people, the country and its nature.

Instead of luxurious perfection, cool exclusivity and interchangeable anonymity, the Severin Sea Lodge and Severin Safari Camp celebrate human qualities. The success of Severin hotels is based on the work and cooperation of a close-knit team of more than 350 employees in Germany and Kenya. This sounds obvious, but it's unique, because we haven't achieved our goal until the friendliness and service orientation of our staff is not only reflected in the details, but in the eyes of our guests and customers.

Our family-run business has clearly defined its vision for the future. My son Sebastian Severin represents the third generation to carry on the history of the business with hospitality, consistency and passion. Our goal will always remain the same: to provide you, our guests, with unique experiences when travelling with Severin Travel. Enjoy a time full of unique impressions, leave your cares behind you and experience first hand the beauty and diversity this continent has to offer.

Best regards and "Karibu"

A PARADISE FOR RELAXATION
AND ENJOYMENT.
SEVERIN SEA LODGE

Kenya! A land full of natural beauty, originality and cultural diversity. Fascinated by freedom and adventure, the German industrialist Rudolf Schulte Senior bought a palm grove right on the edge of the Indian Ocean at the beginning of the 70s, the Severin Sea Lodge, thus laying the foundation for today's hotel and tourism business, Severin Touristik.

Severin Sea Lodge is a refuge that allows you to feel comfortable and to relax in the middle of an extensive palm grove. The hotel is located on Bamburi Beach, right on the sandy beach of the Indian Ocean. The blue sky, the gentle sea breeze, the smile at the reception desk – it is pure relaxa-

tion from the first moment. The airport is 20 kilometers away, the vibrant port city of Mombasa twelve kilometers away.

Our hotel with its long tradition has been lovingly built in the traditional African style: The round bungalows, the main building and the two pools are nestled harmoniously in a beautiful garden. The 188 rooms and suites in different categories are dominated by warm earth tones and natural shades of colour. Handmade wood furniture and natural materials lend them a special charm. Simply arrive and relax - we take care of your comfort at the Severin Sea Lodge so you can enjoy your holidays in peace and without a care in the world.

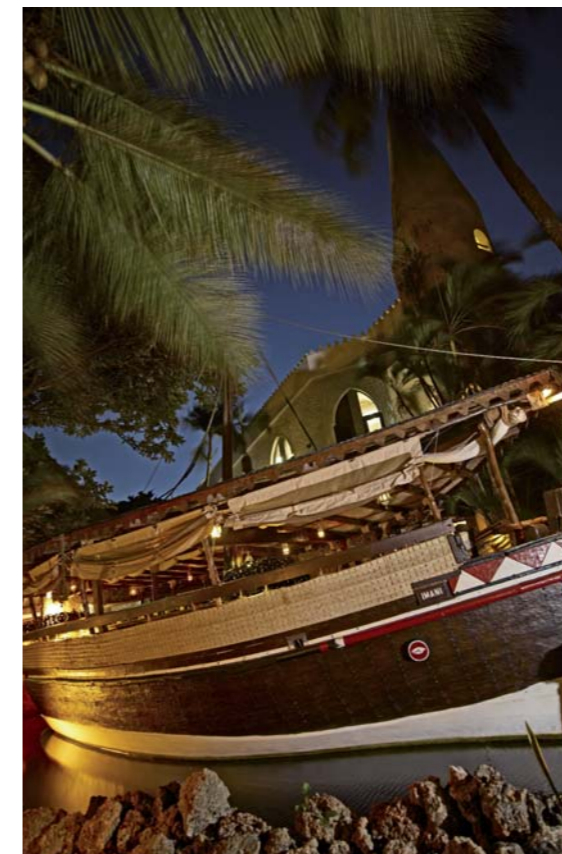

EACH DAY STARTS WITH A SMILE
LET YOURSELF BE PAMPERED
IN OUR VACATION PARADISE.

We take great care to always offer our guests fresh, quality food. The vegetables and fruit are organically grown on our Seba farm. A breakfast buffet is laid out for you in our Kisima restaurant right by the sea, and for dinner you can look forward to fine delicacies and buffets of local and international cuisine. Our safari bistro offers fresh salads and Italian treats.

The excellent cuisine, authentic ambience and courteous service in our IMANI Dhow restaurant make for a perfectly enjoyable dining experience.

Experience and enjoy the warm atmosphere in Kenya over an appetizer or refreshing fruit-cocktail at the Safari Bar. Be at peace with yourself when ending the day - with an ice cold gin and tonic at the Swing Bar overlooking the Indian ocean. The best thing in life is feeling good!

Let yourself be pampered in this wonderful part of the world - relax in the sun, leave the everyday grind behind you while swimming a few laps, windsurf directly from the beach in the warm waters of the Indian Ocean or just enjoy letting your mind wander!

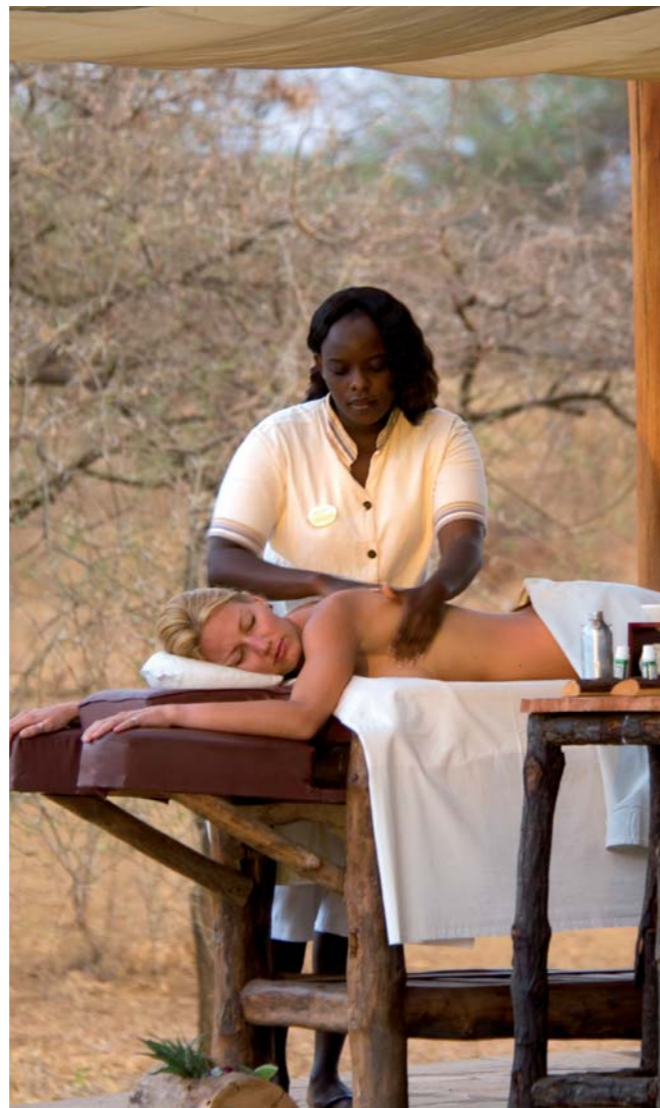

ANYTHING
BUT BOREDOM.
UNDER AFRICA'S SUN.

SIMPLY ENJOY

Being physically active, exploring the underwater world of the Indian Ocean, playing golf or tennis. Our animation team offers a varied program. A variety of entertainment experiences, sports offers, excursions and safaris to our Severin Safari Camp make sure your vacation is never boring.

Let go, relax, and invigorate the senses - with a soothing massage in our KENBALI Spa & Fitness Center. This is how every day at the Severin Sea Lodge turns into a special experience!

GREAT MOMENTS,
UNFORGETTABLE CELEBRATIONS.

GIVING BACK

The Severin Sea Lodge meets the standards of ecological tourism and has developed an environmental protection program that has won several awards. The Severin Sea Lodge was the first hotel in Kenya to install a biological wastewater treatment plant and integrate solar technology into its infrastructure. We also support the Mji Wa Salama orphanage to improve the future prospects of children in Mombasa. The hotel has repeatedly been voted Holiday TopHotel and has been awarded the TripAdvisor Certificate of Excellence®.

A JOURNEY
TO THE CRADLE
OF MAN.

A JEWEL AT THE FOOT OF MOUNT KILIMANJARO. SEVERIN SAFARI CAMP

Becoming one with Kenya's magnificent nature, experiencing the unique display of colours during a Kenyan dawn or dusk, listening to the sounds of the wilderness – the Severin Safari Camp offers all of that.

We have created a place in the middle of the Tsavo West National Park which reflects our deep bond with the country like no other. Our guests can look forward to a unique combination of adventure, relaxation and wellness as well as to very personalized service and culinary delights in our camp. In these times of great mobility and an overwhelming flood of information, why not treat yourself to the dream of relaxation, sustainability and responsible tourism?

Tsavo West and East National Park is the third largest national park in the world and home to herds of elephants, giraffes, zebras and impalas which, among others, roam the landscape in search

of fresh grass. The park is dominated by open scrubland that is interspersed with forested mountains, green river banks, lava flows and craters. There is a lot to discover during the exciting game drives in the park that covers more than 22,000 km².

The Severin Safari Camp is designed in a stylish natural design. The tents and suites feature hand-crafted wood furniture in traditional African style.

The camp offers 27 luxurious accommodations and 8 self-contained Kitani bandas spread over 25 hectares of bushland. The camp is not fenced and therefore perfectly integrated into the natural environment. The tents provide a wonderful view of the landscape and the wild animals that pass freely at the water hole. Maasai warriors work around the clock to protect them and are also representative of the harmony of the Severin Safari Camp with man and nature.

RELAXING,
FINDING PEACE OF MIND
ON YOUR OWN - IN OUR TENTS
AND SUITES.

THE SEVERIN SAFARI CAMP ADVENTURE AND RELAXATION HAVE NEVER BEEN SO CLOSE.

We serve breakfast, lunch and dinner at our à la carte “Out of Africa” restaurant. The chef’s specialty is meat from the Kenyan Highlands served on hot stones or as a fondue with vegetables, salads and herbs. We also invite our guests to a bush-breakfast or- lunch where they can enjoy the gorgeous backdrop of Africa.

The “Thorn Tree Bar” offers all kinds of refreshments. Coffee or tea in the early morning as well as a selection of cocktails in the evening. The evening campfire in front of the floodlit water hole ensures safari romance under the starry African sky. This is

your chance to watch the passing animals at the floodlit water holes.

Discover the unique freedom of the senses in our KENBALI Spa. Inspired by the African wilderness and centuries-old Southeast Asian relaxation techniques, our wellness area is a haven of peace and relaxation. This is where you can enjoy the one-of-a-kind wilderness backdrop at the pool or relax in absolute privacy with a soothing massage after an eventful day in the bush. A workout in the middle of Kenya’s nature? The KENBALI fitness tent offers a beautiful view all around and features professional equipment from Precor.

Do you want to have a business meeting of a special kind? Undisturbed meetings in the middle of the African wilderness, excellent service, exciting group activities. The 80 m2 conference tent offers variable

seating for up to 30 people and is equipped with modern communication and presentation technology. Free Wi-Fi is available throughout the camp.

DISCOVER YOUR HUNTING GROUND!

The Severin Safari Camp is the ideal starting point for guided game drives and unforgettable excursions in the surrounding countryside. Discover the beauty of nature and the unique fauna that can't be found anywhere else in Africa.

Guided by our expert guides, you will set out in traditional safari vehicles and experience the real "Out of Africa" feeling during your game drives.

It is just as exciting to experience the African savannah at night. Discover the secrets of the

African wilderness on foot! Accompanied by our expert local Maasai, you set out into the bush early in the morning. During the tour you will learn to read animal tracks and learn interesting facts about the ecosystem, the diverse birdlife and the traditional lifestyle of the locals. The Sundowner at the Poacher's Lookout is also a unique experience. Enjoy the wonderful sunset with a glass of champagne and canapés to the music of "Out of Africa" playing in the background.

Luxury in the wild – that's no contradiction for the Severin Safari Camp. Our camp meets the

standards of ecological tourism to preserve the delicate ecosystem of the park. This is how humans and animals can co-exist in harmony.

We paid special attention to the architecture and infrastructure of the camp.

This is why we practice recycling and use a biological treatment plant as well as environmentally friendly solar technology to generate hot water via the heat exchangers of the power generators. All interested parties are invited to a "behind the scenes tour".
