

Aqlla SPA

Brochure de spa

Welcome to Aqlla Spa

A space where you can receive gentle beauty and relaxation treatments to enhance your experience of connection with nature and our culture, and to contribute to your vitality and equilibrium.

In the native Quechua language, Aqlla means chosen. Here, you can feel yourself chosen, and enjoy some of our varied therapies, either alone or with a partner, that use the natural elements of Machu Picchu and its surroundings.

Massage and Spa Packages for Couples

Aqlla Spa

s/. 850.00
per couple

Duration:
90 minutes

Discover a new way to connect with your partner through this treatment that starts with a steam sauna session, helping you to begin disconnecting from stress.

Then, together you will receive a beneficial hydrotherapy treatment in our Jacuzzi where we will use 32 medicinal herbal essences that provide benefits for both body and spirit.

Finally, our specialists will give you a full body massage with creams for sensitive skin whose benefits will soften and protect the skin against different temperatures.

Imperial Spa

Enjoy a comprehensive treatment that we have prepared inspired by the indulgences of Inca royalty.

Start with a steam sauna session, then enjoy a Jacuzzi whirlpool where we will use 32 medicinal herbal essences from the Peruvian Andes.

Here, you can take a few moments to enjoy some sparkling wine. Thus, the body prepares to better receive the benefits of a refreshing body scrub, followed by the application of a mask using natural moisturizing ingredients.

With the body properly hydrated, the couple receives full body massages, bringing them to a state of absolute calm and relaxation.

s/. 1,000.00
per couple

Duration:
130 minutes

Includes:
2 personal-sized bottles of sparkling wine

Individual Services

Aqlla Spa

Maras spa body massage

s/. 420.00
per person

Duration:
90 minutes

With more than five thousand years of existence, the pink salt of Maras (a town in the Cusco region) was used by the Incas in their food for its high energetic and mineral value.

Today, in Aqlla Spa, it is our main natural scrub. This treatment begins with a body exfoliation using the ancestral salt from Maras. Then, a hydrating and refreshing body mask is applied

that will leave a prolonged refreshing sensation.

Finally, you will receive a massage with creams, that have many therapeutic and medicinal attributes.

Sabai massage for body and face

s/. 340.00
per person

Duration:
60 minutes

This treatment is based on the principles of traditional Ayurvedic medicine from India.

Enjoy the therapeutic power of phytotherapy with the wide variety of herbs that we use in our pindas (small bags that contain herbs and aromatic and medicinal seeds) which, when heated and placed on the body and face, release their active properties in the

body. They activate the chakras at the physical and energetic level, and have anti-inflammatory, de-stressing, analgesic, moisturizing and decongestant effects, among others.

Massage with andean hot stones

A pleasant way to achieve relaxation and body-mind equilibrium is through receiving a relaxing massage with Andean stones.

With their energy and magnetic power, the blood circulation is stimulated, relieving muscle tensions and pain.

Because of its calming effects, this massage leads to a restful sleep. It is ideal after a day of excursion or high physical activity.

s/. 340.00
per person

Duration: 60 minutes

Aqlla massage

This therapy, using creams that hydrate and nourish the skin deeply. Using different techniques, each part of the body is addressed.

Capillary massages are ideal for relieving stress while body massages have, above all, relaxing and balancing effects.

Finally, the foot massage helps to improve blood circulation, complementing the treatment which will leave you feeling balanced and in a state of total relaxation.

s/. 315.00
per person

Duration:
60 minutes

Using creams, this massage helps the person to experience a sensation of calm and muscular relaxation, relieving and relaxing the tensions in body and mind.

Each movement, accompanied by the properties of our creams, assists you to recover from tiredness, discomfort and the stresses of the modern world.

Body massage

s/. 315.00
per person

Duration:
50 minutes

Spa foot massage

Ideal for tired and dehydrated feet, this is a comprehensive treatment that includes exfoliation, moisturizing and massage.

The first step is the exfoliation that removes dead cells and softens your feet. It is a brilliant way to prepare for a moisturizing mask with a fresh eucalyptus scent.

This therapy, although only on the feet, achieves calming affects that help to restore the energy balance.

s/. 250.00
per person

Duration:
50 minutes

Foot massage

A great way to relieve pain and tiredness of our feet, that part of the body that sustains us all day and more, especially if you are a great explorer while traveling.

s/. 200.00
per person

Duration: 40 minutes

The foot massage creates a powerful relaxation effect on the entire body. Its effects are instantaneous, and help to control anxiety.

After a day of excursions or intense physical activity, motivate yourself to get pampered with a foot massage.
