

QUICK FACTS – SHINDZELA TENTED CAMP

About Shindzela:

Shindzela Tented Camp is situated within the Southern part of the Timbavati Private Nature Reserve (Private section) which forms part of the Greater Kruger National Park (no fences between the reserves). Comprising of 8 safari tents situated alongside a dry riverbed with a small watering hole in front of the camp.

Main Camp Features:

- One main area with tents 1 through to 8 on the left hand side.
- Open plan dining area, reception, bar, curio shop, charging station and seating lounge area
- Small guest pool with loungers
- Boma
- Complimentary Wi-Fi

Weather:

Dry season – May to September – Winter

Temperatures typically cool off to 12°C/54°F in the morning and 27°C/81°F in the afternoon. June, July & August – Game drives in open vehicles will be cold in the morning, as it averages around 10°C/50°F.

Temperatures between 17°C/63°F in the morning and 30°C/86°F in the afternoon are normal. December, January & February – Torrential rains during the afternoon are normal, making humidity very high. These months are the hottest and the wettest of all.

Best time to travel:

We say year-round, as each season and month provides its own experience. It all depends on your preference between summer and winter. Generally during the winter months, the animals congregate to all the larger bodies of water as the bush becomes very dry. During the summer months the vegetation is lush and alive with birdlife and baby animals.

Health Information:

Shindzela is situated within a low-risk malaria area, please chat to your local GP for proper prophylactics before embarking on your safari.
