

CHOBE RIVER CAMP – (INCLUDING CAMPING)

4km from the Ngoma border post between Botswana and Namibia

Gaze over the flood plains and enjoy luxurious solitude on the banks of the Chobe River. Assuring extraordinary experiences, we offer 20 tented chalets. The lodge was inspired by the natural beauty of the landscape and all chalets have been constructed using indigenous Mopane timber and canvas. This offers not only a stunning sight, but an environmentally conscious design.

Expect a unique and wondrous experience when visiting the Camp. This region is Namibia's very own version of the Serengeti and offers a rare experience. With a bit of luck, you can see large herds of elephants, buffalo and antelope. Activities may be seasonal but will always amaze and intrigue our guests.

Chobe River Camp is a wildlife and birder's dream and is the ideal place to break away, just across the river from the world renowned Chobe National Park, home to one of the largest concentrations of elephant on the African continent. The Camp is also the ideal place for day trips to Victoria Falls, located only 150km away.
