

SIMBAVATI RIVER SANDS

TIMBAVATI
GREATER KRUGER NATIONAL PARK
SOUTH AFRICA

Private & *exclusive*

River Sands Villa is a combination of luxury and opulence, with exceptional private bush views overlooking a watering hole, in the heart of the Timbavati Private Game Reserve. It is positioned alongside the Sohebele River, a tributary of the Nhlalalumi River. A custom designed waterfall pool feature overlooks the watering hole that attracts a variety of wildlife throughout the day.

The villa is a personification of the term: "Space is Luxury". It emits a private and luxurious feeling. Two spacious suites are connected by the main lodge area. A large outdoor patio invites relaxation and surrender to the tranquility of the wilderness.

The Timbavati forms part of the Greater Kruger Park and offers exceptional game viewing including the Big Five, most notably leopard, and also wild dog. Privacy is accentuated in the twice-daily game drives on the villa's private game vehicle, which provide for close encounters with birds and animals, large and small.

A custom designed waterfall pool feature overlooking the watering hole and wildlife

WHY VISIT?

Timbavati

The Timbavati Private Game Reserve borders the Kruger National Park to the north and east. The name Timbavati was derived from a Shangaan expression meaning 'the place where something sacred came down to earth from the heavens'.

The Timbavati has a vast array of wildlife, which includes the Big Five (lion, leopard, elephant, buffalo and rhino) thriving amongst giraffe, zebra, warthogs, hyena and many antelope species. This sums up the magical spirit of the Timbavati, which has a tangible sense of wilderness.

The reserve is also a protective habitat for sustainable populations of many endangered species such as black and white rhinoceros, pangolins, and many others.
