

Mila Tented Camp

FACT SHEET

Venture off the beaten track into one of the Serengeti's best kept secrets: Nyasirori. Located in the western corridor of the park, this region is teeming with impressive lion prides, impossibly rich sunsets, and endless grassy savannahs.

The camp's remote setting among a thicket of trees surrounded by sweeping grass plains gives Mila an air of seclusion while simultaneously bringing you closer to nature. Boasting close proximity to the Grumeti River and phenomenal year-round wildlife encounters, Mila is ideal for those seeking a classic, tented safari experience.

CAMP FACILITIES		
Tented rooms - double	5	5 en-suite double tented rooms. Double, twin or triple configurations available.

OUR CONSERVATION FUND	
Commitment to sustainability	<p>The protection of Tanzania’s natural heritage is FCF’s core interest. The Friedkin Conservation Fund of Tanzania (FCF) is committed to safeguarding the future of Tanzania’s wilderness areas through engaging communities as partners in conservation and collaborating with stakeholders in effective wildlife management and research.</p> <p>By implementing social projects aimed at education, improving health and promoting sustainable livelihoods in areas neighbouring wildlife reserves, FCF aims to create a positive impact on lives of rural communities, encouraging people to appreciate and protect their wildlife and its habitat. To ensure a holistic approach to the protection of Tanzania’s natural heritage, FCF also supports wildlife conservation programs and partners with scientists to conduct research to improve and inform outcomes.</p>

TRAVEL INFORMATION																
Weather	Warm temperate climate year-round. Can be cooler after sunset and before sunrise.															
Rainfall	The short rains are usually from mid-November to mid-January, with a wonderful, temperate climate from December to March. The long rains are between April and May, and June to mid-August is the dry season. Rains are subject to change. The Great Migration follows the rainfall cycles in search of nutrient-rich grasses.															
Seasonality	Tanzania has something special to showcase in each season. Rainfall and weather changes may cause unexpected adjustments in logistics. Mila has spectacular resident game all year round.
