

# Activities on the Siankaba Islands

Exciting activities available during your stay

TINTSWALO  
AT SIANKABA

## SUNSET RIVER CRUISE

The sunset river cruise is available every evening after high tea. It is a wonderful way of enjoying the sunset whilst having some refreshments. Our experienced coxswain/guide will be sure to make this trip enjoyable, relaxing and memorable.

## NATURE TRAIL

The Nature walk is a day time activity, that can be explored alone or with other guests. There is a tree guide booklet in the guest's room to help identify the trees and shrubs, and their medicinal properties.

## TRADITIONAL MOKORO RIDE

Take a trip in our local dugout canoes around the island in the true spirit of the local people. An experienced local guide will paddle as you sit in the hand-made boat. It is in fact believed that this style of softwood canoe is the very one used by the late Dr David Livingstone to travel past these same islands over 150 years ago. This is the best way to view the river and experience some unique sightings of bird and river life.

## CULTURAL TOUR OF THE LOCAL VILLAGES

Should guests be interested in learning about the local culture, customs and traditions in our area we highly recommend a walk to the local villages. On the walk, guests will learn more about the history of the village as well as interact with the local people, where they can either do the short village walk where they will only visit Siankaba Village. Guests can also take the long village walk which covers about 4 to 5 villages as they walk upstream and come back to the lodge in a traditional dugout canoe called a Mokoro.

## **BIRD WATCHING**

Grab your binoculars and bird book, join a lodge guide either morning or at dusk as you walk around the island and main land in search of the vast birdlife.

## **FISHING**

Dare to catch the Zambezi's most elusive fish, the world renowned Tiger fish! Tackle and bait are available from the guides; please speak to the duty manager/guide who will advise on the best time to go fishing.

### **BOOKINGS FOR ACTIVITIES**

Book with **RECEPTION** or book in advance with **RESERVATIONS**
