

what to pack

for your
Safari & Wellness Experience!

We are thrilled to welcome you to
Kateka Safari & Wellness Experience
in the Klaserie Private Nature Reserve.

To ensure your utmost comfort and enjoyment,
we have prepared two comprehensive packing lists,
one for the summer season and another
for the winter season.

When it comes to safari wear, layers are key.
Even in the winter months, afternoons can be warm
so bring things you can zip on or off depending on the
weather. Pack neutral tones; not only are they cooler,
but they blend into the natural surrounds.

Lastly, the most important thing you need to bring on
safari is your sense of adventure;
enjoy every thrilling moment.

We hope these packing lists will help you prepare for
the unique weather and climate conditions during
your stay at Kateka.

Our luxury suites, private villa and exceptional service
await you as you embark on a once-in-a-lifetime
safari adventure in the heart of the
South African wilderness.

Safe travels and warmest regards,
The Kateka Team
