

NAMIRI PLAINS RETREATS

SERENGETI

Deep in the eastern corner of the Serengeti, amidst a staggering density of predators, sits the Namiri Plains Retreats. Designed to deliver an elevated level of exclusivity and flexibility, the Retreats create a personal space for a family or group of friends, complete with a private guide and vehicle, Retreat host, and dedicated chef. The two individual Retreats share a separate pool and lounge, with an additional dining room for larger groups occupying both Retreats.
