Dear Guest,

Welcome to our peaceful wildlife haven. We hope you will have a memorable stay with us.

I would like to bring to your attention a couple of points:

Remote jamming:

We do not wish to alarm you, however we have been informed that there is a group in Hoedspruit Town that are 'remote jamming' vehicles in the shopping centres around town. Remote jamming is when you try to lock your vehicle with an alarm remote, but criminal 'jams' the signal so that your vehicle doesn't lock. Thus, allowing them to enter your vehicle once you are in the shop out of sight, and steal your personal belongings. We would like to request, that should you go shopping, please manually check that each door of your vehicle is locked before walking away from your vehicle. We apologise for any inconvenience this may cause.

Baboons:

We received notification from the Hoedspruit Wildlife management to say there is currently a troop of baboons that are ransacking houses. May we please ask that you ensure all windows and doors are closed and locked, food is packed away and out of sight and curtains drawn when you are not at home.

Baboons are strong and smart and will break through windows if they really want to. Baboons are also dangerous animals. If you happen to find one inside your lodge, we urge you to immediately contact either ourselves on the numbers below or a member of security at the front gate for assistance.

Main Gate: 083 229 1794

Office: 071 362 6307

Duty Phone: 072 243 4843

Monkeys:

There seems to be a lot of monkey activity around the lodges at the moment, please keep an eye out for them, while preparing the lodge for your arrival, a monkey came into the main section of the lodge and stole one of the housekeeping ladies' lunch as well as the hand soap from the basin.

Thank you,

Assured and Tailored Accommodation Team
