WHERE WE ARE

AWE-INSPIRING ACCOMMODATION

Unwind in our exquisite lodge, nestled on the rim of the Ngorongoro Crater. Our luxurious accommodations offer a harmonious blend of modern comfort and authentic African charm. Each room provides stunning panoramic views, allowing you to wake up to the sight of the crater floor. Experience the serenity of the African bush while indulging in the finest amenities and personalized service. The comfort of our guests has been a top priority, and we have taken great care to ensure that every aspect of the tent is designed with their comfort in mind. The traditional safari experience has been retained with canvas walls and roofs, while modern technology has been seamlessly integrated to provide superior insulation for warmth and soundproofing.

To enhance the guests' experience, we have incorporated double glazed panels that slide open where required, allowing guests to enjoy the beautiful scenery and fresh air. To keep insects at bay, concertina mesh screens can be easily slid over these openings, creating an insect-free environment.

Inside the tent, guests will find a beautiful timber floor covered with comfortable rugs, creating a cosy and inviting atmosphere. The teak timber used externally is certified, ensuring that our commitment to sustainability extends to every aspect of our operation.
