

RUBONDO ISLAND CAMP

RUBONDO ISLAND

Rubondo Island Camp is the only lodge on Rubondo Island, the largest island national park in Africa. Pristine tropical forests provide a protected habitat for wildlife that includes wild chimpanzee, sitatunga, elephant, giraffe and 200 species of bird. Guests can spend time with the chimpanzees as part of a habituation project we are involved with on the island. The deep waters of Lake Victoria also offer spectacular fishing for Nile perch of record-breaking size.
