

MOLORI MASHUMA

A Six-Suite Luxury Tented Hideaway in Mana Pools, Zimbabwe

Mashuma Pan - An Unspoilt Wilderness

Molori Mashuma is a world-class luxury safari tented camp located in the pristine and untouched wilderness of Mana Pools National Park in Zimbabwe. With its luxurious accommodation and breathtaking views of Mashuma Pan, Molori Mashuma promises an unforgettable and immersive safari experience. Encounter the epitome of luxury and adventure at Molori Mashuma, where authenticity, exclusivity, and a world of wonder await.

Part of Rora Private Collection, sister lodge to award winning Molori Safari, Molori Mashuma prides itself on providing personalised service, luxurious, design-led accommodation, and expert-guided activities to ensure guests have a memorable and unforgettable safari adventure.

MOLORI MASHUMA

Bold and Playful Design

While the architectural style of the lodge is one of a very traditional camp, the design aesthetic is a minimalist and contemporary structure with the focus on the softness of textiles and framing the views in the remarkable setting of the lodge. Guests will experience a wonderful degree of surprise on arrival. It's a contemporary interior with a curious collection of layers, colours and textures – playful and feel-good interiors with a focus on the colours of nature and inspired by the joy of nature.

Prime position with incredible views

The main lodge features a 507m² outdoor deck which has four seating areas, dining areas and a bar. The open-plan living areas focus on framing the views across the generous outdoor deck and plunge pool overlooking the pan.

Luxury accommodation in the wilderness

Situated on the banks of Mashuma Pan, this luxury camp has six gorgeously appointed tented suites, each with a private deck, en-suite bathroom and outdoor shower. Two villa-style tented suites comfortably accommodate up to four adults and include a private pool.

MOLORI MASHUMA

An Immersive Safari Experience

Molori Mashuma offers guests a truly immersive and authentic African safari experience in one of Africa's most spectacular ecosystems.

Walking and photographic safaris in this diverse ecosystem are known to be among the most rewarding in all of Africa.

For game-viewing, there are three different areas - the riverfront, the pools themselves, and the wilderness areas behind the pans - each offering their own opportunities for wildlife sightings and photography.

MOLORI MASHUMA
