

MAHALI MZURI KIDS: LITTLE WARRIORS

At Mahali Mzuri kids over the age of two are welcome, and because we know each 'little warrior' (*as we call them*) is different, we do not operate a set kid's programme. Instead we offer a range of activities that we tailor to each child or group depending on their ages and interests.

For their safety, we have security guards on duty all night that will pay particular attention to tents occupied by Little Warriors.

Ask your Guide to tell you about the animals in the bush, or perhaps listen to a bedtime story with milk and cookies!

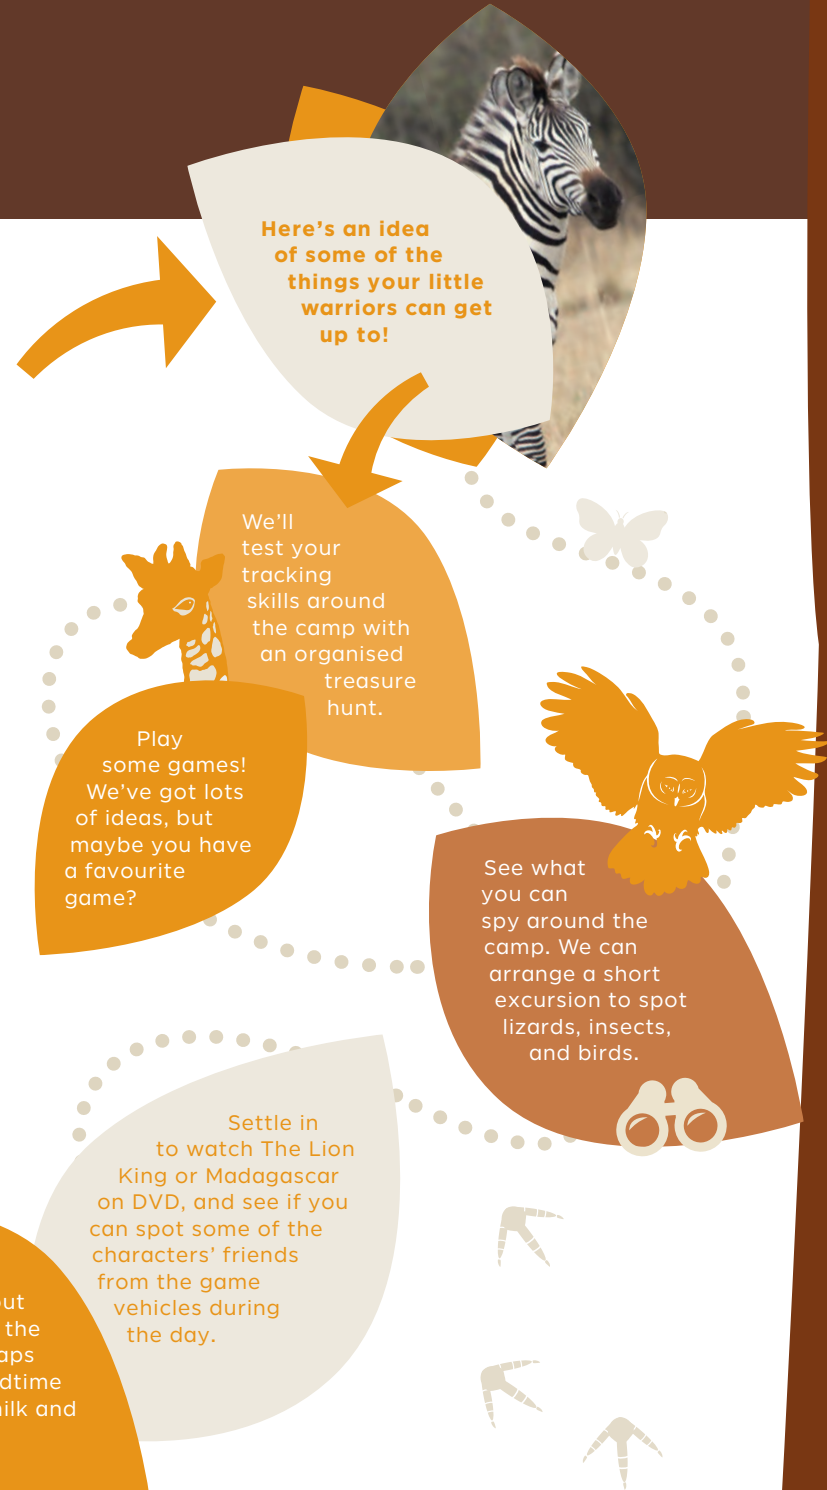

Settle in to watch *The Lion King* or *Madagascar* on DVD, and see if you can spot some of the characters' friends from the game vehicles during the day.

Play some games! We've got lots of ideas, but maybe you have a favourite game?

We'll test your tracking skills around the camp with an organised treasure hunt.

Here's an idea of some of the things your little warriors can get up to!

See what you can spy around the camp. We can arrange a short excursion to spot lizards, insects, and birds.

CHILDREN AT MAHALI MZURI

Children aged two years or older are very welcome to stay at Mahali Mzuri and are able to join their parents on game drive. Children of all ages must be under parental supervision at all times whilst in camp.

OTHER ACTIVITIES

We have children's movies, books, games and kites, plus a TV and DVD player for extra entertainment. We would be delighted to organise tailored activities to further educate our younger guests on their African surroundings and the local wildlife. Special food and beverages or simple snacks and light meals can be prepared according to your child's tastes. Please let us know of any dietary requirements in advance.

Additional information to consider when visiting Mahali Mzuri with children:

ON GAME DRIVES

- Children aged 2-6 are welcome on game drives but are required to travel in a closed vehicle (available for hire at \$350 per day with car seats on request)
- When transiting to and from the airstrip or going on game drives, children aged 6-12 must sit in the back of the vehicle and observe all instructions from the Guide carefully
- Continued participation in game drives will be at the sole discretion of the Guide based on their professional evaluation of the situation; game drives with children present may also be shorter if the driver feels it to be necessary
- While out in the bush, children will need to be very quiet as not to startle any wild animals
- The roads can be very dusty, so please bring sunglasses to protect little eyes
- When not on drives at least one parent will need to stay at camp with their child(ren)

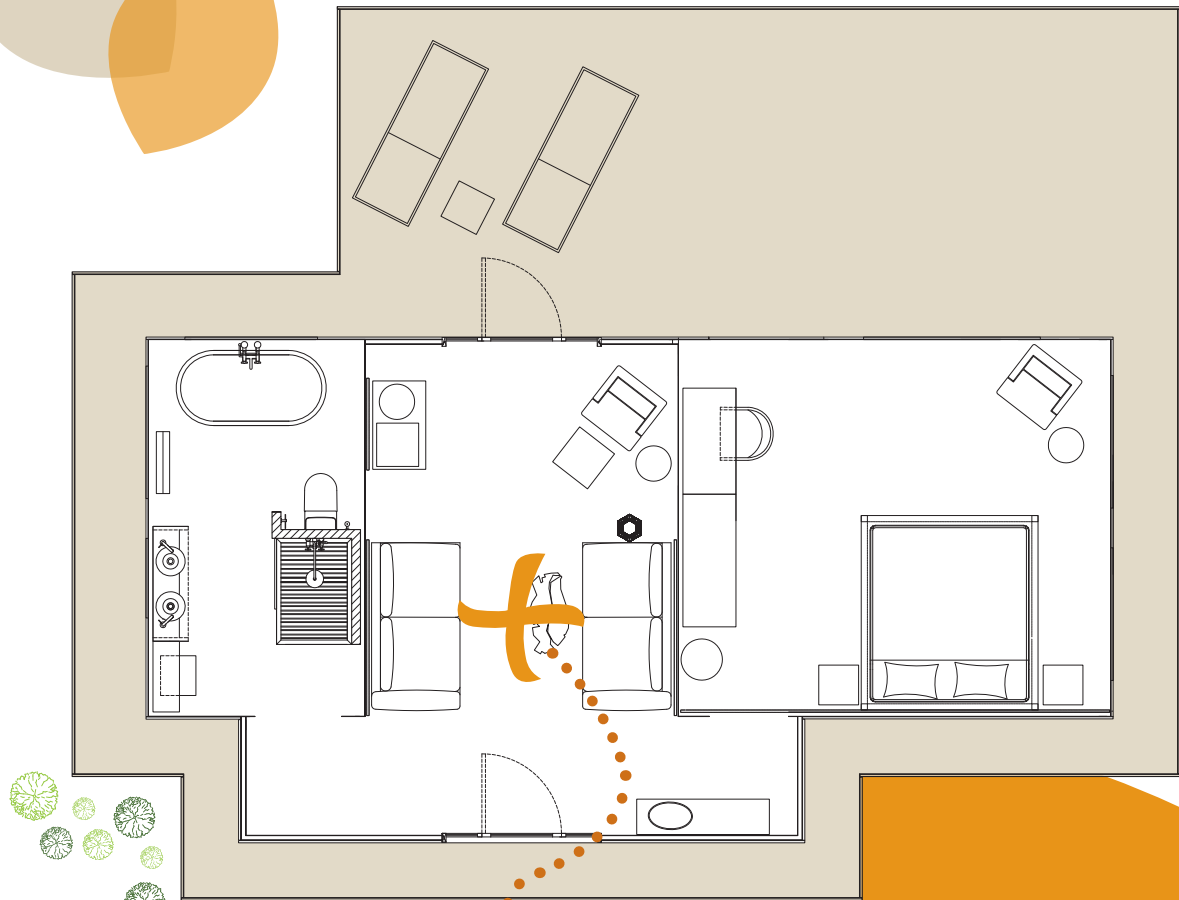

IN CAMP

- For safety reasons children must be accompanied at all times around the camp, both day and night as the camp is located in a wildlife area which is not fenced. Our Askari (security guards) give special attention to tents occupied by children during the night
- Please remember it is not only the larger animals that can react aggressively; the smaller, less overtly threatening ones are just as likely to respond if they feel threatened, so we ask that children be kept within arm's reach at all times
- Babysitting is available at no extra charge for parents who wish to enjoy a private evening game drive
- We supply complimentary sun cream at camp, so please help yourself
- Please be aware that the electricity is turned off at night. If your child is afraid of the dark, we can provide a battery operated night light
- We do not have any lifeguards at Mahali Mzuri, therefore children under the age of 12 must be accompanied by an adult at all times when in and around the swimming pool
- We have mosquito nets available on request and there is mosquito spray available in each tent

ACCOMMODATION

We have two tents which are able to accommodate children in a separate enclosed sitting room. Children under the age of 12 are not permitted to sleep in a tent without parental supervision. Children between the ages of 12-15 are allowed to stay in their own tent, however we strongly recommend that any child under the age of 15 shares a tent with their parent. For younger children we can provide a cot and roll away bed for a nanny if required.

These two sofas can also be adapted into two comfortable twin beds for children to rest their heads after a busy day on safari
