

WELCOME TO MAHALI MZURI

WHERE IS MAHALI MZURI?

Mahali Mzuri is Sir Richard Branson's Kenyan safari camp located in the world famous Maasai Mara ecosystem and right in the path of the annual Great Migration. Mahali Mzuri sits within the Olare Motorogi Conservancy which covers an area of 13,500 hectares! There are endless opportunities for game viewing, so all you need to do is sit back and let the wildlife come to you!

LOCATION/DISTANCE FROM AIRPORT

Mahali Mzuri is about 240km almost due west of Nairobi and the best way to arrive is by plane from the city's Wilson Airport which serves domestic destinations within Kenya. We can arrange transfers between the international and domestic airports for you. Both scheduled and charter airlines operate from Wilson Airport and flights to the region take about 1 hour. Olare Orok airstrip is approximately 25 minutes' drive from the camp. If you're feeling adventurous we can arrange a private helicopter transfer which can land right at our front door.

WHAT'S THE WEATHER LIKE?

For game viewing the Olare Motorogi Conservancy has abundant wildlife year round, and Kenya's position straddling the equator means there isn't a huge amount of variation in temperature throughout the year. You can expect average highs of about 30°C/86°F in the months from December to March with somewhat cooler temperatures from July to September during the height of the migration. Due to its elevation temperatures in the evenings do drop to around 15°C/59°F however it rarely gets much colder than this.

HOW MANY TENTS?

We have 12 unique tented suites sleeping a maximum of 24 guests at any time. The tents are perched on a ridge looking over the valley with a distinctive design adapted to the local climate and terrain.

There are six tents on either side of the Main Tent, each accessible by a shared walkway, the furthest of which is approximately a five minute walk from the Main Tent. 10 of the 12 tents are designed to sleep two adults and can be split into twin beds. Two tents are configured to accommodate two additional guests who are 15 years and under. We can cater for a maximum of 24 guests in the camp at any one time.

DID YOU KNOW?

Known as one of the seven 'new' wonders of the world, the annual **Great Migration**, or **Great Wildebeest Migration** to be more accurate, is truly breath-taking. The migration is in fact a sort of circle, with anywhere up to two million animals, mostly wildebeest, moving en masse in a never-ending search for food and water. The best time to view the migration will depend on the climatic conditions that year, but in the Olare Motorogi Conservancy you can expect to see the herds arrive anytime from July to September, departing around November for the return journey to the Serengeti in Tanzania.

WHAT IS THERE TO DO?

The thrill of going on a game drive is difficult to top, so our advice is try and soak up the views from all the sharing spaces and sit back and take it all in, keep your binoculars handy as you never know what you'll spot! Relax in our Main Tent, take a dip in the 12 metre infinity pool or indulge in a spa treatment.

Get a flavour of daily life in the Mara on a community tour at the nearby local village, just a short drive from Mahali Mzuri. You'll get the chance to meet the community and learn about the local Maasai tribe.

WHAT ARE THE RATES?

NIGHTLY RATE

2nd January - 13th June 2020
14th October - 21st December 2020

Double occupancy

US \$945 per person per night
