## **WHAT ELSE CAN I DO ON THIS DAY?**

There is a lot to do and see in and around Livingstone and Victoria Falls! Some experiences are seasonal and water-level dependent. Other experiences have extremely limited availability and it's best to book these far in advance in order to secure a spot.

We highly recommend combining your visit to Victoria Falls with an exploration around Livingstone Town! Livingstone's culture and history is intriguing – as is evidenced by the arts and craft producers, museums, colonial architecture, traditional village life, local food and the general African lifestyle. History lovers will find Livingstone alive. Many buildings from the first decade of the century are still in use. The town has preserved much of its colonial character, but is a typical African town with an busy charm.
