DIRECTIONS TO SENTINEL LUXURY TENTED ECO-CAMP

The camp is a seasonal camp situated in a forest and is hard to find.

*The best thing is to call from the **Musiara Gate** unless you know the area well.*

*Call Peter, the manager (**0701016166**) or Sonkoyo (**0720936811**) when you get to the Musiara Gate, so that somebody can meet you at an appropriate point.*

Travel through **Narok** past the first 2 turn-offs to the Masai Mara (Sekanani and Talek). A few kilometres after Ololunga turn left off the tarmac to Ngorengore (signpost) where there are signs to Governors Camp, Angama and Serena.

Drive along this muram road through Ngorengore and Lemek. A few kilometers past Ngorengore, there is a fork in the road – take the left fork up the hill.

Drive past the turn off to **Aitong** and through the **Mara North Conservancy** towards **Mara Rianda**. At the beginning of **Mara Rianda** village you turn left towards the **Musiara Gate**, where there is a sign to Governors Camp. (It will take about 2 hours from the turn-off onto the muram road to Musiara Gate.)

At the Musiara Gate you take the road past the airstrip as if you were going to Governor's Main Camp. Just before the Main Camp you turn right and follow that road until there is another opportunity to turn right off that road; if you went straight it would take you to Il Moran Camp. Then turn right at the next opportunity – if you went straight it would lead to the Little Governor's car park.

Carry on towards the end of the forest along the river and call us. Somebody can meet you and lead you to Sentinel Mara Camp. *Alternatively call us from the Musiara Gate where somebody will meet you and guide you to the camp.*
