## *Combine two Zambezi River Safaris to make a fabulous Combo Sunset River Safari*

The Ultimate River Cruise combines the picturesque tranquillity of the African Queen Sunset Cruise with the excitement of a River Boat Safari to experience the different aspects of this legendary river.

At the Royal Livingstone deck, board the River Safari boat for an exciting ride over a few rapids, then slow down to a leisurely pace to enjoy river and birdlife sightings before stopping on an Island for refreshments and snacks. The adventure then continues upstream where you join the African Queen to toast the Zambezi sunset from the comfort of the Captain's Cabin. The trip back to the Royal Landing in the fading light is a magical conclusion to your Zambezi experience.
