

WELCOME TO THE TREEHOUSE SUITES

Jaci's Tree Lodge is the realisation of Jan's dream – an elevated lodge that appears to float above the ground... Jaci's Lodges founder and owner Jan van Heteren, was profoundly inspired by the Okavango Delta's characteristically intimate, secluded, luxury camps that seem to grow organically from the earth. These lodges are often built to sit high on stilts and with a focus on ecological construction, they blend seamlessly into their environment.

The Treehouse Suites luxuriously accommodate guests in custom built stilted treehouse-style structures. Connected by elevated walkways, they each boast magnificent views into the surrounding riverine forest, as well as glimpses across the famous Marico River. The 8 Treehouse Suites blend effortlessly into the overarching canopy of lush foliage, making for fantastic birdwatching in a peaceful, natural environment.

The Main Lodge at Jaci's Tree Lodge, hidden in the riverine forest along the banks of the Marico River, and recently refurbished, provides a cool retreat from the heat of African summer days and a cosy fireside sanctuary during chilly winter months. With both indoor and outdoor dining spaces as well as open-plan lounge and bar areas, the Main Lodge sets the tone for an authentic, inspired safari experience.

The Terrapin Hide at Jaci's Tree Lodge provides a truly unique vantage point for game watching, whether you want to capture priceless images of wildlife from the centre of our active waterhole or simply sit quietly, immersing yourself in your surroundings.

Accessible via an underwater tunnel, the submerged photographic hide is open to Jaci's Tree Lodge guests 24-hours a day and for guests' convenience, our photographic equipment is also available to hire. Whether you require a camera for a particular day's safari drives or would like to make use of one for the duration of your stay, we are happy to be able to offer our guests access to our quality photographic equipment.

The impressively elevated structure is located directly adjacent to our watering hole, affording guests the opportunity to observe the daily comings and goings of a variety of animals that frequent the area. Fully equipped with wifi, Tlou Deck also happens to be the best office in Africa!

Naledi Treehouse offers Tree Lodge guests the ultimate safari sleep-out under the stars, without even having to leave camp. Naledi – meaning Star in Tswana – is kitted out with a

canopied King-size bed, private KolKol wood-fired hot tub, Enviroloo, outdoor shower and boasts exceptional watering hole views.
