

El MERCADO

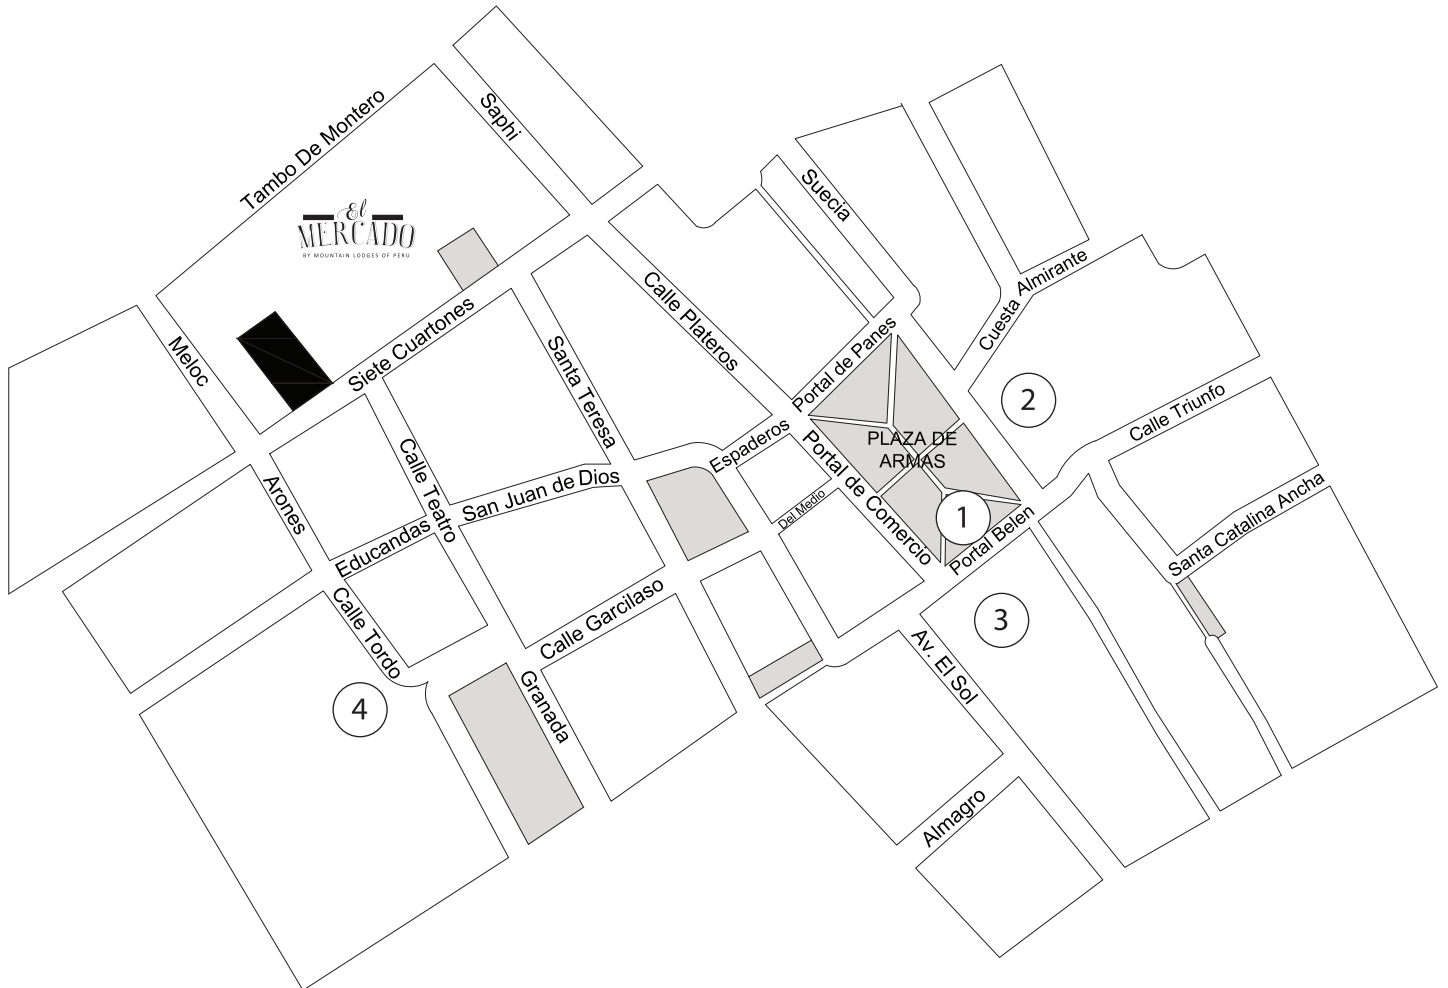

BY MOUNTAIN LODGES OF PERU

El Mercado is located in the heart of the city of Cusco, three and a half blocks away from the Main Square. It has 32 rooms, eye-catching interiors and an exceptional personalized service. The accommodation has an original Breakfast Lounge inspired by elements of a traditional andean market, a cozy courtyard, with live music and exclusive street food for guests only, massage service and a restaurant specialized in Andean Peruvian cuisine

The property occupies the premises of a former market, which worked as an inspiration to create a unique style and environment that make guests immerse into an unforgettable experience, mixed with culture and tradition. Visiting a market is an effective way of obtaining a deep and lasting impression of a city, a place where its pulse may be felt. El Mercado has been designed to incorporate some of the element of a market, creating a space in where these can be appreciated, fostered, and protected.
