PROFILE

WELCOME TO ACACIA FARM LODGE

1

ACACIA FARM LODGE

is a romantic country lounge nestled in an active mixed farm located high on spectacular Great Rift's escarpment area with a commanding panoramic views of amazing Karatu Farmlands and the nearby ngorongoro forest area

ABOUT US **2**

ACACIA FARM LODGE is strategically located between the Tarangire and Lake Manyara National Parks on one side And Ngorongoro Crater and Serengeti National Park on the other. This is a perfect base from which to explore these four natural attractions and world heritage sites.

A timeless tranquility emanates from the exuberance of birdsong, mature trees and lovely coffee plants.

The lodge currently has 32 spacious contemporary African styles luxury rooms with comfortable lounge and en-suite bedroom all with a mini bar, coffee making facility, air conditioning, satellite television, WiFi and other modern appropriate amenities plus a private balcony with sweeping views from the farm, the surrounding scenic landscape and the most amazing sunsets.

Dining is one of the ultimate experience here. You can dine in our fine dining room or balcony. You can dine on one of our beautiful gardens or you can even dine inside your room.

Our kitchen professionals can make you astonishing dining set ups. Its a thrilling experience to dine while the sun is setting, absolutely a thrill.

The lodge has two bars, one below the lounge and another outdoor bar by the swimming pool.

There is also a coffee bar, serving local brewed arabica coffee which is cultivated all around the lodge farms. You can literally see coffee plants from your chalet.

It's a farm lodge. We organically grow almost all the veggies and fruits, we serve in the lodges restaurants. We grow tomatoes, green peppers, chillies, pumpkins, spinach, lettuce, bitruits, egg plants, onions and many other varieties of tropical vegetables. We also grow fruits like passion, avocados and bananas.

Arabica coffee is also organically cultivates here. The coffee lounge is supplied with fresh processed coffee which we proudly cultivate here.

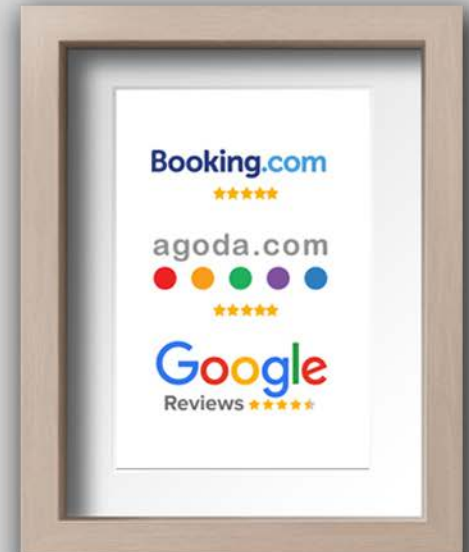

The farm uses greenhouse farming technology to grow some of the vegetables. The whole farm also uses professional irrigationscheme to ensure a constant supply of produces all year round.
