

NOSARA BIOLOGICAL RESERVE

MORNING & AFTERNOON TOUR

IN BRIEF

The hotel-owned nature reserve Reserva Biológica Nosara offers guests the opportunity to become acquainted with the reserve's native biodiversity and its unique combination of tropical dry forest and Mangrove Forest. The incomparable beauty and diversity of the surroundings are truly magical. The Río Nosara borders the nature reserve that covers nearly forty hectares. As our guest, you may join a guided tour.

You will begin by descending 40m. from our beautiful Lodge through our access ramp that meanders through the forest into the Reserve. From there we will keep all our senses alert to marvel at the biodiversity that surrounds us while your guide will tell you specifics about the ecosystem and its inhabitants.

We and the Reserve are waiting for you!

\$25 + tax
