

Nimali Africa is an exceptional collection of boutique luxury lodges and camps - all designed to immerse you into the natural beauty. Inspired by the Swahili word for wealth we believe that nature is Africa's greatest source of wealth and we have designed our experiences to immerse you in the wealth that surrounds us.

Tarangire national park is a hidden gem on the northern safari circuit. The park is renowned for its stunning baobab trees and large herds of elephants. The park also provides excellent habitat for lion, leopard, buffalo and many antelope species unique to East Africa.

Nimali Tarangire is a luxury tented camp located in a private concession, on the eastern boundary of Tarangire National Park. The private concession has been set up to protect the habitat, ensure the management of wildlife areas and offers exclusive game viewing far from the crowds.

The camp is situated alongside a riverbed and is well hidden amongst the acacia & baobab trees. Natural material has been merged with contemporary decor, to provide guests with an unforgettable stay. Intimate guest areas include a spacious, open-fronted lounge and library with a selection of safari books. The dining area opens up to a traditional boma and swimming pool that overlooks the waterhole. The waterhole attracts an abundance of wildlife.

All ten of the tented suites are well laid out and each have a private deck overlooking the river bed. Four of the tents cater for families traveling together. They are connected by a lounge and have private plunge pools. The tented suites are a mix of contemporary and earthy furnishings, completed with fixed bathroom walls & wooden doors. Every effort is made to ensure that our guests feel at home and have an amazingly unique Tanzanian safari experience.

Located only 2.5 hours from the city of Arusha, Nimali Tarangire is the perfect starting point for the northern safari circuit.

What sets us apart:

- Tranquil location | Annual wildebeest migration crossing mara river |
- Endless views | Luxurious tents | Spectacular balloon flights |
- Private sundowners | Guided game drives | Boutique service |
- Eco -friendly | Exceptional game viewing | Family owned & managed |
- Ideal family destination.
