

ABOUT OUR WINE LIST

Our wine list has been curated by a team of professional sommeliers and wine tasters whose combined talents have crafted a well-rounded lineup of delicious, flavour-filled wines that pair perfectly with our menu.

Filled with popular favourites, our wines have been hand selected from our nearest wine region in the Southern-most tip of the continent, where the Atlantic breeze meets the Berg mountain range, in the Western Cape, South Africa. Working closely with vintners and viticulturists within this region, we have opted for wines manufactured by vineyards with generations of production, reputable standards and meaningful stories.

PROTEA WINES

About our House Wine

When selecting our House Wine we looked for consistent quality, years of expertise and of course delicious flavours – which is how we decided on the distinctive Protea range by Antonij Rupert wine. The succulent range, crafted within the picturesque Franschhoek Wine Valley, include Sauvignon Blanc, Chenin Blanc, Pinot Grigio, Chardonnay, Rosé, Cabernet Sauvignon, Merlot and Shiraz.

The distinctive appearance of the Protea wine range has been designed by award-winning fashion designer, Mark Eisen, with each bottle beautifully wrapped in a bespoke floral pattern and made in the spirit of sustainability.

Each bottle is decorated with a bespoke pattern inspired by the Cape, making the bottle, like the wine an art piece in itself. The bottles have been designed with the intention of repurposing into glasses, candles, water bottles or other decorative features. The Amorim Helix corks are ergonomically thought out as twist-to-enjoy, in place of using a cork screw in order to easily be reused, and the glass bottles have been created so that the final journey of the product completes the life cycle in a sustainable and conservation conscious manner through glass recycling.

The virtues of the Protea wine range resonate with our company ethos to always endeavour to pursue a greener footprint!
