

# SOMALISA EXPEDITIONS

Hwange National Park, Zimbabwe

Open year round

Designed to replicate the vintage safari camps of a bygone era, Somalisa Expeditions offers one of the most authentic ways to experience the exceptional wildlife haven of Hwange National Park. The camp is perfect for travelers in search of a classic safari adventure. It captures the ambiance of a mobile camp but with all the trimmings and contemporary finishes.

All six Meru style tents are on slightly raised decking to take advantage of the views over the savannah. The camp is beautifully designed while still maintaining an old-world charm and authenticity. All the tents have en-suite bathrooms and in-room charging facilities and the main area includes a lounge and dining room that overlooks a small elephant pool. Huge herds of elephants come to drink from the pool daily, making up-close encounters and photographic opportunities with these majestic animals endless.

One of the highlights at this camp is the walking safari. This thrilling activity engages all your senses and you will be accompanied by one of our experienced guides who will explore the surrounding area on foot with you.
