WITH THE ROYAL PORTFOLIO

The Royal Portfolio Wine Experiences

Multiple elements contribute to the perfect stay – and for many of our guests, these include the wines they enjoy during their time with us. Wine is much more than a drink – it communicates the landscape, earth and weather of a destination. It speaks to traditions and culture, and is imbued with the passion of the people who cultivated the grapes and made the wine – it's the essence of a place in a glass.

Wine pairs perfectly with food, of course, and can add layers of meaning and connection to a meal. In the same way that our chefs focus on creating incredible flavour combinations, our team of sommeliers and wine stewards focus on pairings that will enhance each meal or sunset.

Wayve Kolevsohn

In addition to being our Group Beverage Manager, Wayve is one of the most qualified sommeliers in the country. She also leads many of our wine tours and masterclasses, subject to her availability.

Jacques de Klerk

Jacques is the winemaker at the independent Radford Dale Winery in Stellenbosch and Elgin, and oversees the production of our own-label wines from the vineyards that surround La Residence. These superb wines are available at all our properties, in addition to an extensive list (expertly curated by Wayve).

No matter whether you stay in the city, the bushveld, or on the coast, you can be sure that each glass of wine you enjoy will be the perfect match to your surroundings, mood and food.
