## Marlin and Kingfish

These blocks each offer 6 two bedroom superior apartments in front of a grassed area and stand adjacent to Joe Fish. Guests have a choice of ground or first floor options with the downstairs apartments having enclosed and private outdoor areas and upstairs offering lovely sunny and partially sheltered decks. In addition the ground floor corner apartments of each block provide for the sole use of a secluded and enclosed courtyard area that is equipped with braai facilities and a great spot for energetic little ones to run around in safety.

All the generous bedrooms in these apartments have their own doors leading outside and are en-suite, each with spacious showers and some with shower and separate bath. The bedrooms lead into the roomy lounge/dining area where you will find a compact yet generous kitchen. Each unit is furnished with a double bed in one room and two twin beds in the other.

Marlin and Kingfish are well positioned to take advantage of sunny days. These apartments are great for families or even two couples who are holidaying together as you can close your bedroom door at night for privacy and meet up for coffee in the kitchen the following morning.
