SHORT SAIL

This short, but sweet sailing experience, takes you on a 1.5-hour journey through the diverse waters of the Knysna estuary. Let our sails collect the salty fresh breeze and guide us along the gentle waters of the estuary, towards the towering headlands that guard the opening to the Indian ocean. Sit back and enjoy the art of sailing, as our crew skilfully sail the magnificent Outeniqua. Revel in the moment and allow your senses to take in the sound of the water lapping against the hull, the smell of the briny ocean, the taste of the salty sea air and the sight of the mesmerizing scenery as we traverse along our vast liquid landscape.
