

Marataba Safari Lodge - ALL AGES

2-bedroom Luxury Family Tents

Marataba is a 23 000ha (56 834ac) privately managed section of unspoilt Africa within the malaria free Marakele National Park. Encircled by the sweeping Waterberg Mountain vistas, there is an impressive wildlife diversity that includes the Big Five.

Mack & Madi Safari Club offers a wide variety of experiences on site that keep children entertained and encourages them to discover, learn, create, and express themselves. On arrival children aged 12 and younger are given a Mack & Madi branded peak cap and backpack. Children under six receive a plush toy.

EXPLORATION | DISCOVERY | LEARNING | CREATING | PURE FUN REDEFINED!

## OUR FAMILY WELCOMES YOU

**Our pledge is to show your children the wonders of our beautiful world and to introduce them to fascinating people – encouraging them to discover and learn through having FUN!**

As parents to twins, Mack and Madi, my late wife Britt (partner in life and in MORE) and I learned what it means to travel as a family. Africa is a new world for children – filled with colourful people, marvellous attractions, and curious animals – the stuff of storybooks and dreams come true. To discover it together is pure magic ... reconnecting loved ones with each other (tech and work forgotten) and the 'wonder-fullness' of life. In this spirit, we bring you our Mack & Madi Kids' Adventure – giving families every opportunity to enjoy these precious moments to the fullest.
