REMOTE AFRICA
Safaris

OVERVIEW **2022**

Remote by name, remote by nature

REMOTE AFRICA SAFARIS (RAS)

At a glance

- Owner run since 1995
- Remote areas of operation
- Experienced longstanding guides & staff
- Exclusive walking safari areas
- Locally crafted & eco-friendly camps
- Exceptional wildlife including the Big 5
- 4 guests per vehicle
- Radio silence

One - stop - shop

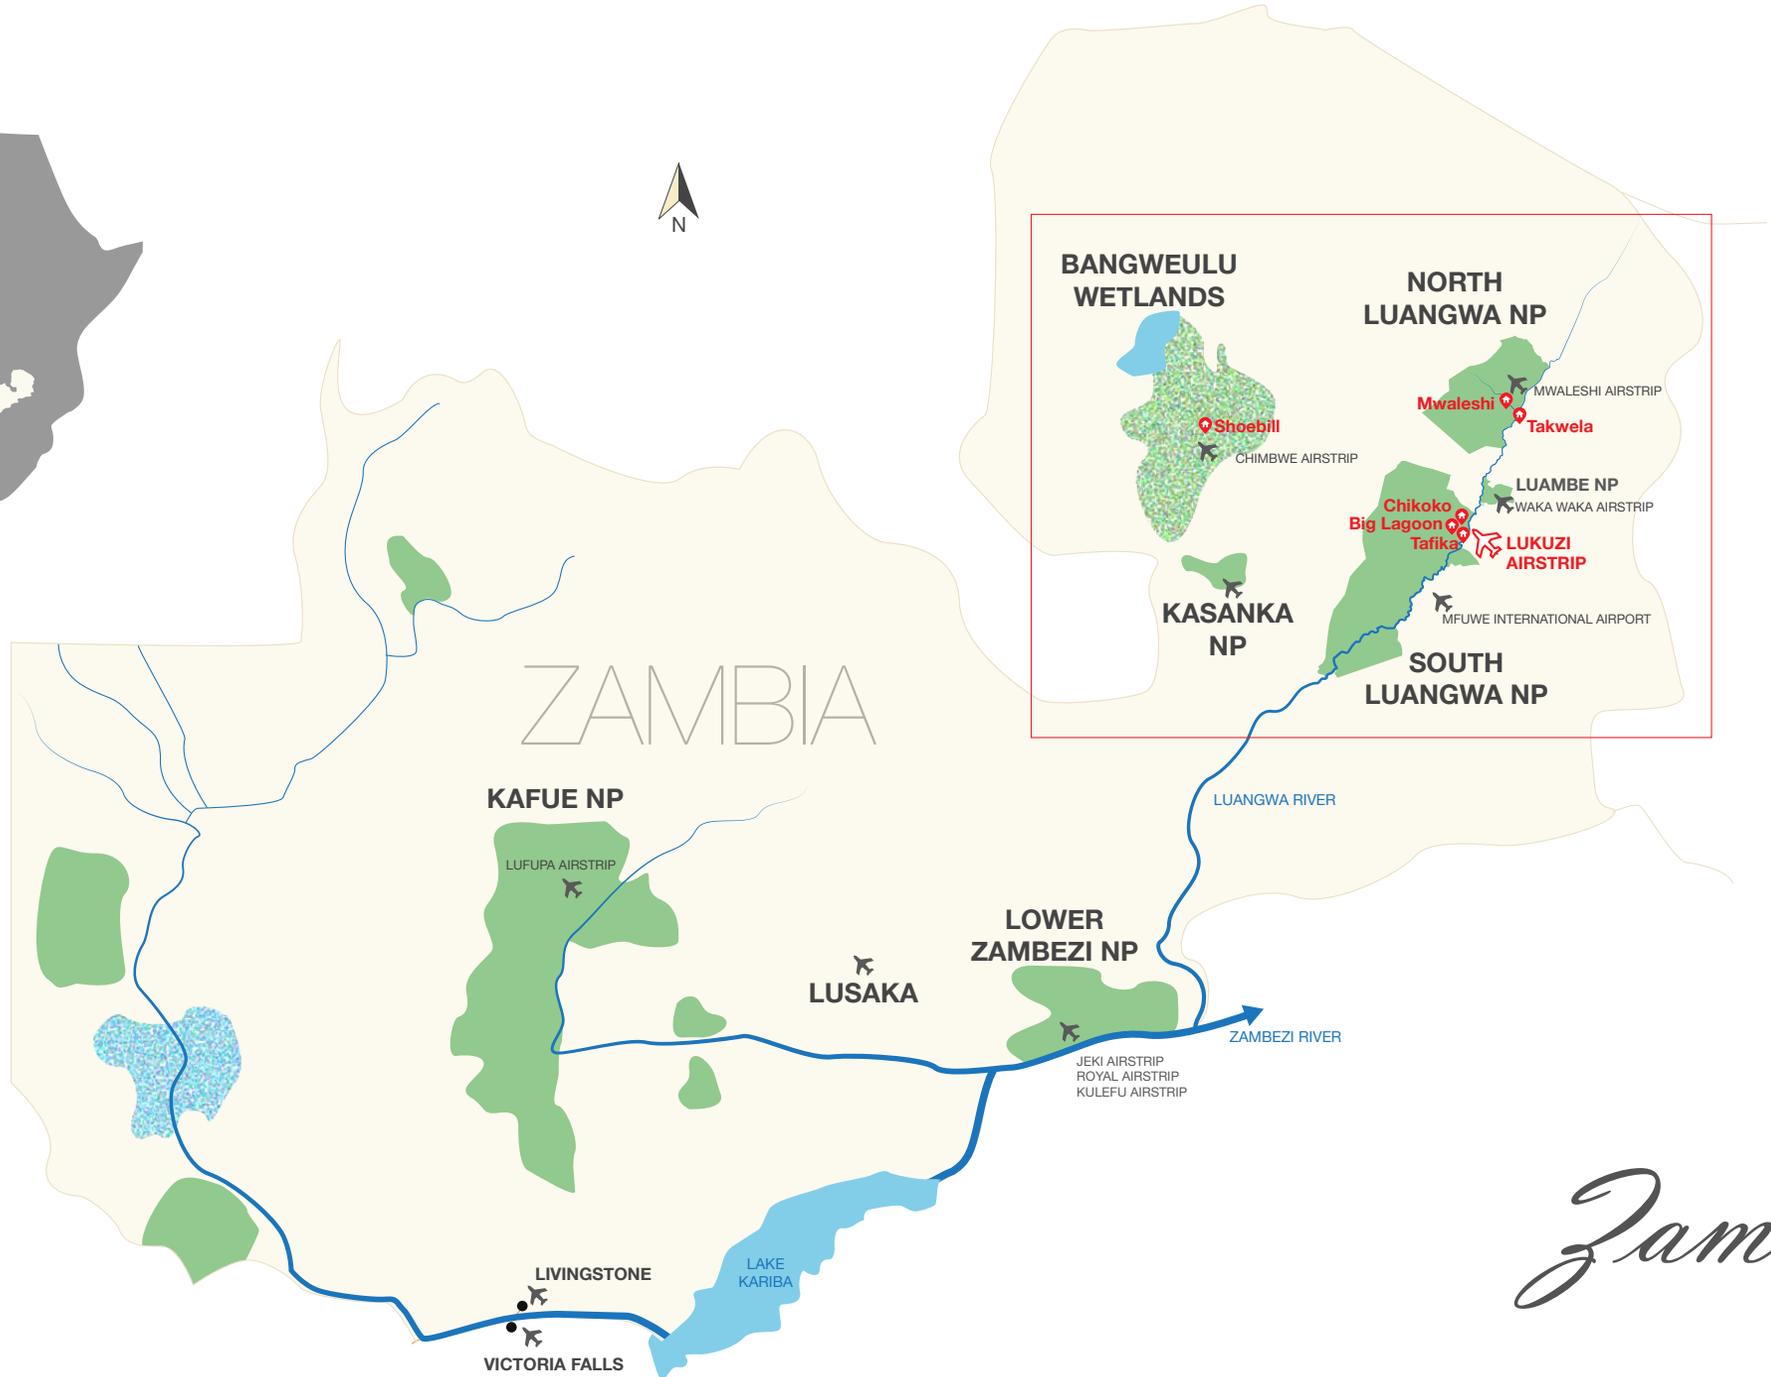

RAS offers a complete once-in-a-lifetime safari opportunity with:

- a chance to see the big 5 and many other iconic, endangered and endemic species,
- properties in 3 remote wilderness areas of Zambia
- a range of activities suited to older families, FIT travellers and small groups,
- quick and easy inter-camp flights on RASair, our company plane,

ALL within a single booking.

LUFUPA AIRSTRIP

CAMP STYLE

All Remote Africa Safaris camps are re-built annually as the Luangwa Valley is highly seasonal. Camps are crafted by local artisans using natural materials to produce eco-friendly camps that are one with nature.

Tafika Camp

GAME DRIVES

Night and day drives afford insights into both the diurnal and nocturnal worlds.

A maximum of 4 guests per vehicle ensure plenty of space and personalized attention from guides.

Exceptional game viewing and radio silence promotes peaceful and exclusive sightings.

CYCLING SAFARIS

Tafika is the only camp in the Luangwa to offer cycling safaris. It's a great opportunity for guests to stretch their legs and pick up their heart rate before enjoying a sundowner and evening game drive.

WALKING SAFARIS

With a maximum of 6 guests per walking safari, walkers enjoy an exclusive experience.

Accompanied by an experienced walking guide and armed National Parks scout, walks are navigated safely through big game areas with high animal density.

Easy walking pace adjusted to ability and flat terrain ensure that this activity is possible for a wide range of ages and fitness levels.
