

# ROYAL USP'S

## THE JEWELS IN OUR ROYAL CROWN

[www.royalzambezilodge.com](http://www.royalzambezilodge.com)

- **Officially 5-star graded:** We are proud to have been awarded the first official 5-star grading of its kind in the Lower Zambezi & Zambia.
- **Privately owned family safari lodge**
- **Private Guiding:** offered to ALL guests included in the rate ~ Committed to responsible guiding practises. Our professional guides are well versed in upholding our commitments to ethical guiding. For years, we have ensured the use of a sensitive red filter light for spotting game at night, as well as a diffused yellow filter to enable photographs of nocturnal game responsibly and sensitively.
- **Solo travellers welcome:** There is no single room supplement charged at RZL throughout the year!
- **Private all-weather airstrip:** Royal Airstrip is situated only 8 minutes' drive from the lodge and is open year round.
- **Flights:** We offer scheduled flights in all seasons connecting travelers to the Royal Airstrip (Lower Zambezi) from Lusaka, Livingstone & Mfuwe. Open for general consumption to guests staying in Lower Zambezi, Livingstone, Lusaka and South Luangwa.
- **FREE FLIGHTS:** It doesn't get better value than this! Stay 4 nights + and qualify for free flights. Ask us more about this amazing deal!
- **Location:** Our location offers guests the best of both worlds. Being based on the game management area allows us convenient access to the National Park as well as the local community, where most of our staff come from and where we are actively involved in community empowerment projects. We are also proud neighbours of Conservation Lower Zambezi giving guests first-hand exposure to their incredible conservation work. Safari activities can be offered in the National Park (incurs entry fees) or on the GMA (does not incur entry fees). We also offer night drives on the GMA using our red & yellow filters, increasing guests chances of spotting nocturnal wildlife such as leopard, porcupine, hyena and much more in an ethical and responsible way.

- **Multiple award-winning Royal Bush Spa**
- **Complimentary 15-minute hand/foot massage** for every guest included in the rate
- **Open year-round:** We are proud to be the only 5-star safari lodge that is open 365 days of the year. This decision to stay open all year aligns with our core focus around the wellbeing and empowerment of our people, meaning we can offer them consistent employment and a haven in which they can continually grow within our Royal family environment. The other benefits to having a year-round offering are being able to allow guests to experience the wilderness of the Lower Zambezi in a different season. Green Season, or Secret Season as we call it, offers guests the exclusivity and sanctuary of having the whole Lower Zambezi to themselves as no other lodges are operating during this time of the year.

- **Family friendly** – we welcome children of all ages and ensure the privacy of all guests in this regard. There is a nature playground available for children in the safety of a fenced & supervised area. Please discuss the hosting of infants in an unfenced wilderness area with our reservations team.

- **Conservation & community:** as custodians of the environment we are situated, we care deeply about the wellbeing of our communities and wildlife areas. We are actively involved in various projects that ensure a sustainable approach and positive impact for all that share these wildlife areas. Did you know your patronage assists us in the conservation of these areas? Our fully inclusive rate is not just about the level of luxury we offer but encompasses a 7.5% contribution per person per night towards conservation and community initiatives.

- **Inspired journeys:**

African Food Safari with Callie-Anne Cooks (Exclusive to Royal Zambezi Lodge), Royal River God Expedition, Royal Photographic Safaris, Wellness in the Wild and much more

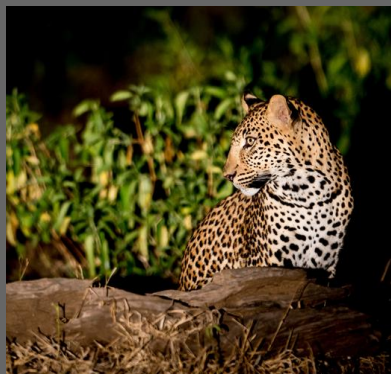

- **A Royal special:** The DNA (Do Nothing at All) activity.

Created by us as a Royal special for all our guests, aka the Royal Family.

From observing wildlife from our Sausage Tree bar or the private plunge pools in our luxury suites to pampering in the Royal Bush Spa – our Royal DNA takes relaxed wilderness luxury to a new level!

- **We offer a flexible COVID-19 booking/cancellation policy.**

- **Your safety is our priority.** We have had the privilege of hosting our local guests throughout 2020, all while adhering to strict COVID-19 safety procedures in line with WHO & MOH requirements. Our staff are trained in these safety protocols and we are already living the “new normal”.

We look forward to welcoming you to the Royal family.

*Where Luxury meets the Wild*
