DAY 1:

On arrival at Nairobi's Jomo Kenyatta International Airport you will be met by an Asilia driver who will transfer you by private vehicle to the domestic airport, Wilson airport. Fly from here to the Masai Mara, a journey of approximately one hour (15kg luggage limit per person; soft bags required for all flights on this itinerary). A guide from Encounter Mara will meet you here and game-drive you back to camp, offering the perfect introduction to the vast savannah plains and stopping to watch any wildlife you encounter on the way. Settle into your tent and enjoy lunch and time to relax. After afternoon tea and cake, head out on a game drive to search for big cats and other wildlife in the Naboisho Conservancy.

- Wildlife: lion, leopard, buffalo, elephant, hippo, giraffe, zebra, wildebeest, hyena
- Safari activities: game drives, bush walks, night drives, cultural visits and hot-air ballooning (supplementary cost)

There are ten spacious guest tents, each with a daybed on the veranda and en suite bathroom with hot shower. In the evenings, guests chat around the campfire before delicious three-course dinners.

Night drives offer a unique chance to search for nocturnal species as well as predators on the move.

DAY 4:

You will fly to Migori near the border, where a driver and vehicle will meet you and drive you across the land border, stopping to complete immigration formalities. From there it's a short distance to Tarime on the Tanzania side, to arrive in time for your flight into the Serengeti. The whole journey takes approximately two and a half hours and, after having breakfast in the Masai Mara, you'll arrive at your Serengeti camp in time for lunch and a well-earned rest. In the afternoon, go out on a game drive to explore the vast savannah with your guide from Ubuntu Migration Camp.

SERENGETI NATIONAL PARK
