

Kwai-Kalahari Experience

Khwai

A luxury tented mobile safari in Khwai gives you the experience of the African bush like the explorers of bygone days.

The focus is blending into the environment with the camp geared towards an eco-friendly use of the natural environment.

Wildlife sightings are excellent with the wildlife being more comfortable around the smaller scale of a mobile tented camp.

The intimate bush camp allows you to immerse yourself in the African bush, uninterrupted by the distractions of the modern world.

Relax Under the African Sky

Relax around the camp fire with an aperitif and share the day's experiences. End the day with a wholesome bush dinner.

The Lodge

With three pool suites and three bush suites, The Lodge is the ultimate private African safari experience. Located in the heart of the spectacular and unique Kalahari landscape, it will inspire even the well-travelled and renew the spirit of all who visit.

Inspired by the simplicity of the landscape in which it rests, The Lodge is an inviting oasis where indulgently comfortable interiors integrate seamlessly with the raw African beauty outside.

The Lodge is designed with exclusivity and privacy at its core. The suites are positioned on the woodland's edge with expansive views over the savannah, and each far from a neighbour.

Serenity & Space

Private massages and quiet contemplation.

Romantic Hideaways

A pool suite with a private heated swimming pool or a tented suite with an open air bath.

Explore the Desert

Explore on horseback, explore on sand bike, explore on open vehicle, let the Bushmen take you on a walk.

People of the Kalahari

Meet the Ju/'Hoansi and !Kung people and immerse yourself in life of the local Bushmen.
