Royal Malewane caters to the discerning traveller, who wishes to experience a complete safari in luxurious accommodation and pampering at our award winning spa.

The Royal Portfolio of which Royal Malewane is a member prefers to receive reservations through email.

Royal Malewane Safari Lodge and Spa provides the ultimate getaway for those who value privacy, personalized service and the best "Big Five" game viewing Africa has to offer. Accommodating a maximum of 20 guests in the utmost colonial splendour, this privately owned 10-suite lodge is situated on a 30 000 acres reserve in the Greater Kruger region of South Africa.

Elevated walkways link Royal Malewane's luxurious freestanding suites to the lodge's reception and dining areas, library and world-renowned Bush Spa. With a staff to guest ratio of 4:1, Royal Malewane is able to offer service of the highest order. Royal Malewane is the only African Safari Lodge of its kind to have been awarded the prestigious Chaine des Rotisseurs Blazon for outstanding cuisine, facilities and hospitality.

The jewels in the Royal Malewane crown are the luxurious Royal and Malewane Suites. Boasting panoramic views of the surrounding bush, these exclusive suites are the pinnacles of refinement and opulence.

Game viewing at Royal Malewane with our expert rangers and trackers provides guests with the thrilling opportunity to see the natural abundance of game on the Reserve, including the 'Big-Five' - lion, leopard, elephant, buffalo and rhino. Royal Malewane is home to the only Master Tracker currently working in Southern Africa. Off-reserve there are tours to the Valley of the Olifants, hot air ballooning, scenic helicopter trips or even a visit to see the Mapusha weavers and their villages. Trips to the Hoodspruit cheetah Breeding Project at the Moholoholo animal rehabilitation centre can also be arranged.

To appreciate all that Royal Malewane has to offer, we recommend a minimum of a three-night stay. We are able to accommodate requests for singles, and children of all ages are welcome in the Royal and Malewane Suites.

THE WATERS OF ROYAL MALEWANE - Bush Spa

Completely surrounded by the African bush, The Waters of Royal Malewane Bush Spa is a veritable oasis of calm. With internationally qualified therapists on hand to provide therapeutic treatments, this is the ultimate refuge for those seeking to refresh and restore the mind, body and spirit.

The Waters of Royal Malewane Bush Spa philosophy draws on the healing powers of water. All hydrotherapy treatments make use of mineral-rich water sourced from an underground stream that flows through the reserve. Filtered through limestone and granite, these are the waters after which this incomparable Bush Spa is named.

Positioned around the central courtyard are the beautifully appointed treatment rooms, as well as a fully equipped gymnasium, a steam room, hot and cold African baths and bush casitas where guests can enjoy the treatment of their choice.

What makes RM different from others in the city/region. Royal Malewane hires only the best, including the only living master tracker in Southern Africa, Wilson Masiya. And although Royal Malewane can boast that its rangers and Trackers have reached the highest levels of proficiency

Royal Malewane offers unique game experiences with some of the best guides and trackers that Africa has to offer. It has an award winning spa and has received many accolades for its food, and professional and friendly staff.
