About Our Golf Course

Sea Cliff Resort and Spa's 9-hole golf course is ideal for both the serious golfer and those wanting a more relaxed approach.

The course offers nine greens, however with different tee locations, varying in par, distance and angles, players can enjoy a complete, island-fun, 18-hole golfing experience.

Zanzibar's sandy beaches provide the 7th hole's unique fairway bunker and the signature 9th hole is complimented by its exotic backdrop of the sea. After a round, golfers can enjoy the sunset from the Clubhouse's Veranda, situated on a private beach and soak in the views of the ocean.

Our Pro's Tips

As the course is set on the coast, wind has a great influence on the way the course plays, with prevailing wind conditions providing golfers with a changing course daily. The course is a par 71, with holes varying in length – short to long par 3's, a range of par 4's, including a few drivable options depending on wind direction, and a few, fun par 5's, which also vary between longer and shorter, depending on wind direction.

Sea Cliff Golf affords players of all levels an entertaining, yet challenging game, set in a location most would describe as "paradise". What better way to spend a part of your visit, on this magnificent course, enjoying the best the island has to offer.

Our Driving Range & Golf Tuition

Situated within a short walking distance from the hotel and adjacent to the beach and Clubhouse is the international standard practice facility, which includes a full-length driving range, chipping bunker and putting greens.

Our in-house PGA Professional is on hand to assist with your swing and short game and is available for consultation and guidance from 7am to 6pm daily, providing flexible teaching programmes irrespective of the level of your game.
