ROUTE 2: Visa on arrival process and details

We strongly encourage all of our guests to arrange their visa for the Republic of Congo prior to arrival. If you elect to follow Route 2 (only recommended for countries with no Consular services for Republic of Congo) and get a visa for Republic of Congo on arrival, please notify our team when booking and carefully note the below:

ROUTE 2: VISA ON ARRIVAL

- A visa on arrival is a special arrangement available by courtesy of the Congolese government for our guests. This can cause confusion with 3rd parties such as international airlines while travelling as our arrangement is not widely known or available, nor is it the preferred visa route by Congolese officials.
- As you have been unable to obtain a visa prior to arrival, it is important to note your application for a Letter of Invitation may take longer.
- If you arrive at Maya Maya Airport without your Letter of Invitation and/or Visa Assistance Letter, immigration challenges will occur and penalties may apply upwards of US\$ 50 (no change will be available at border control; penalties additional to Visa on Arrival fees).
- Visas on arrival may result in your passport being retained overnight. This is not unusual and we will collect it in the morning and return it to you at the earliest possible time.
- If paying for visas or forgotten Letters of Invitation on arrival, only US\$ bills are accepted, and bills issued before 2013 will not be accepted.
- At Maya Maya Airport (Brazzaville), you will need to fill in an immigration form and present your Yellow Fever certificate. Let the officials know you are visiting Odzala Discovery Camps and require a Visa on Arrival. Have your Letter of Invitation and Visa Assistance Letter ready. The officials will lead you through the process.

REQUIRED DOCUMENTATION

- Passport to be valid 6 months after arrival date
- Minimum of 1 blank page in your passport (amendment pages do not apply)
- 2 copies of a Visa Assistance Letter
- 2 copies of your Letter of Invitation
- Visa cost: US\$ 50 cash (2013 bills or later)
No change will be available
- Yellow Fever certificate of vaccination

PLEASE NOTE We cannot guarantee processing times of Letters of Invitation or visas, this process is managed by the Congolese government and is outside of our control. Congo Conservation Company will not be liable for any issues should they occur during application/travel.
