ADDITIONAL EXPERIENCES*

- Cultural Visits
- Night Game Drives
- Guided Bush Walks
- Hot Air Balloon Safari
- Spa Treatments

* additional charges may apply

DAY 1

ELEWANA ARUSHA COFFEE LODGE, ARUSHA

On a lush coffee plantation five minutes from Arusha Airport, Elewana Arusha Coffee Lodge is a charming and comfortable place to stay at the start or end of your trip.

Elewana Arusha Coffee Lodge was once an original coffee plantation homestead. The spacious rooms are scattered throughout the beautiful grounds and the coffee plantation is incorporated into the gardens. 'Traders Walk' is located within Elewana Arusha Coffee Lodge and houses Shanga charitable unique gift shop, a Tanzanite shop and an excellent cafe.

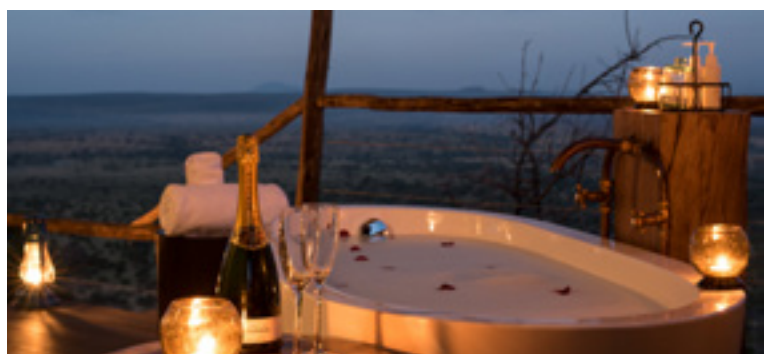

DAY 2-3

LEMALA MPINGO RIDGE, TARANGIRE NATIONAL PARK, TARANGIRE

Sitting on top of an escarpment with sweeping views over the Tarangire River and valley below, Lemala Mpingo Ridge provides luxury tented accommodation in Tanzania's sixth largest park. Fifteen spacious tented suites offer en suite bathrooms, private decks, sunken outside lounges that convert to afternoon siesta beds and outdoor private bathtubs.

Explore this sensational part of Tanzania, famous for its large herds of elephant, and watch the sun set behind ancient Baobab trees while enjoying a sundowner in the African bush.

DAY 4-5

LEMALA NGORONGORO, NGORONGORO CRATER

Lemala Ngorongoro Tented Camp is an authentic safari camp set in an ancient acacia forest on the Ngorongoro rim, with easy access into the crater.

The camp has 12 en suite spacious canvas tents, attractively and comfortably decorated and warmed by gas fires on cold evenings. The mess tent is a great place to relax with grand sofas, corner cabinets and rugs. As well as game drives into the spectacular crater, walks are available into the forest and along the crater rim with an armed ranger and a Masai guide. Lemala Ngorongoro is a peaceful and unpretentious bush camp in a lovely location.

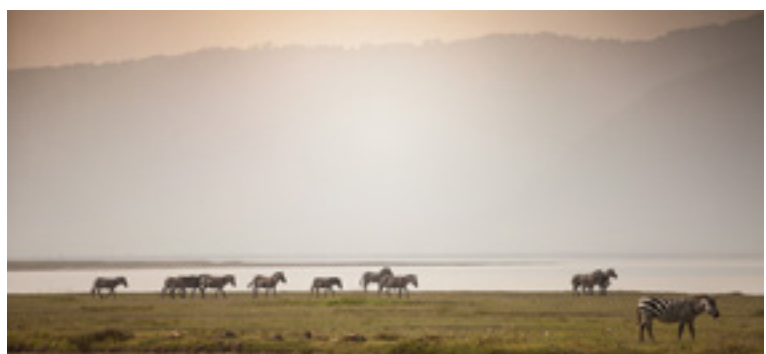

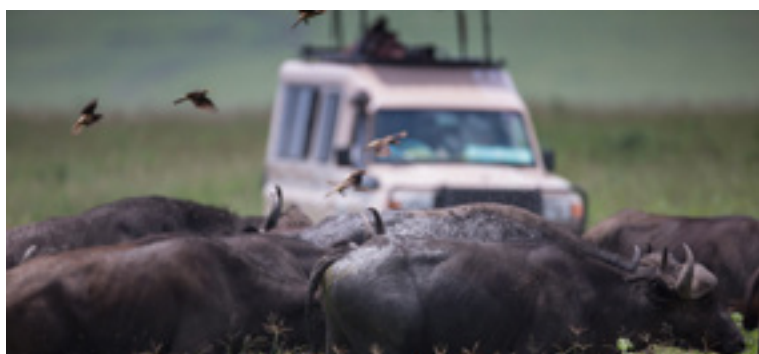

DAY 5

FULL DAY IN NGORONGORO CRATER

Ngorongoro Crater, declared a UNESCO World Heritage Site in 1978 is a geological spectacle.

The 260 square kilometre caldera was formed three million years ago when a giant active volcano exploded. The mineral rich pastures of the largely flat crater floor have turned this into a wildlife haven.

DAY 6-8

LEMALA NANYUKIE, EASTERN SERENGETI, SERENGETI NATIONAL PARK

On the savannahs of Central Serengeti, dotted with rocky kopjes and shaded by giant acacia trees, Lemala Nanyukie's location provides world renowned year-round game viewing as well as playing host to the annual wildebeest migration.

Fifteen luxurious guest tents featuring private plunge pools and viewing decks with sunken seating are dotted around a central lounge, bar and dining area. Explore this incredible part of the Serengeti, famous for large concentration of cats, on game drives and guided bush walks, returning to this modern tented camp for a dip in the swimming pool before a lantern-lit dinner under the Tanzanian stars.

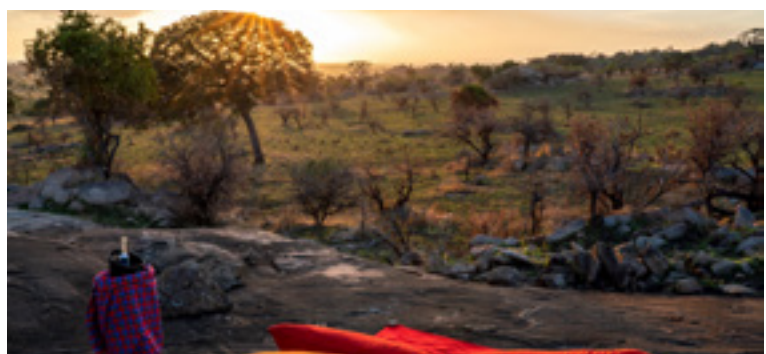

DAY 6-8

LEMALA KURIA HILLS, NORTHERN SERENGETI, SERENGETI NATIONAL PARK

The luxurious Lemala Kuria Hills Lodge is situated in the Wogakurya Hills, close to the Mara River in the north of the Serengeti within the corridor of the world-famous wildebeest migration.

Each of the 15 glass-fronted guest tents has its own plunge pool and been carefully positioned among large kopjes to ensure privacy and spectacular views over the savannah, open woodland and tree-lined watercourses. Explore the outstanding wildlife and landscapes of the northern Serengeti with our knowledgeable guides, either on foot or in custom-designed 4x4 vehicles.

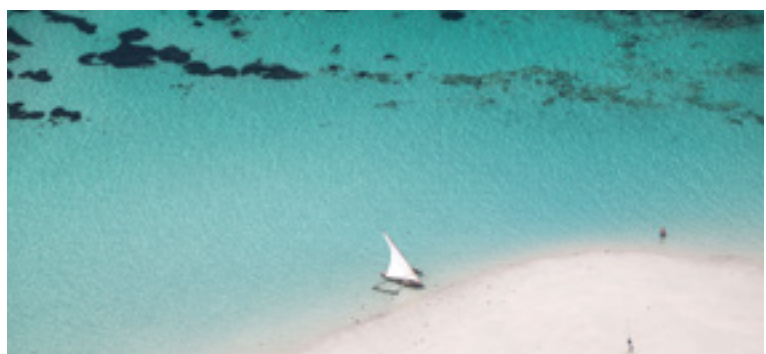

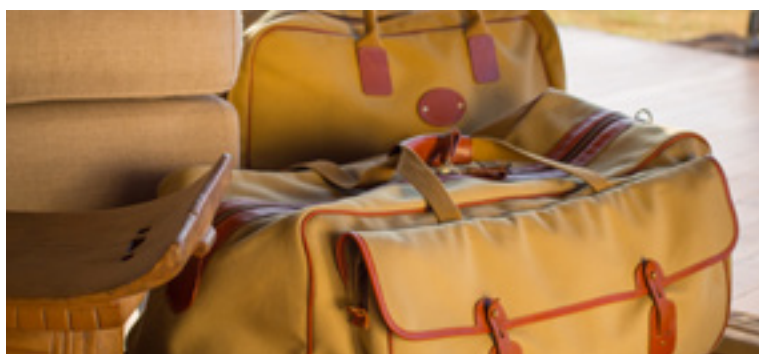

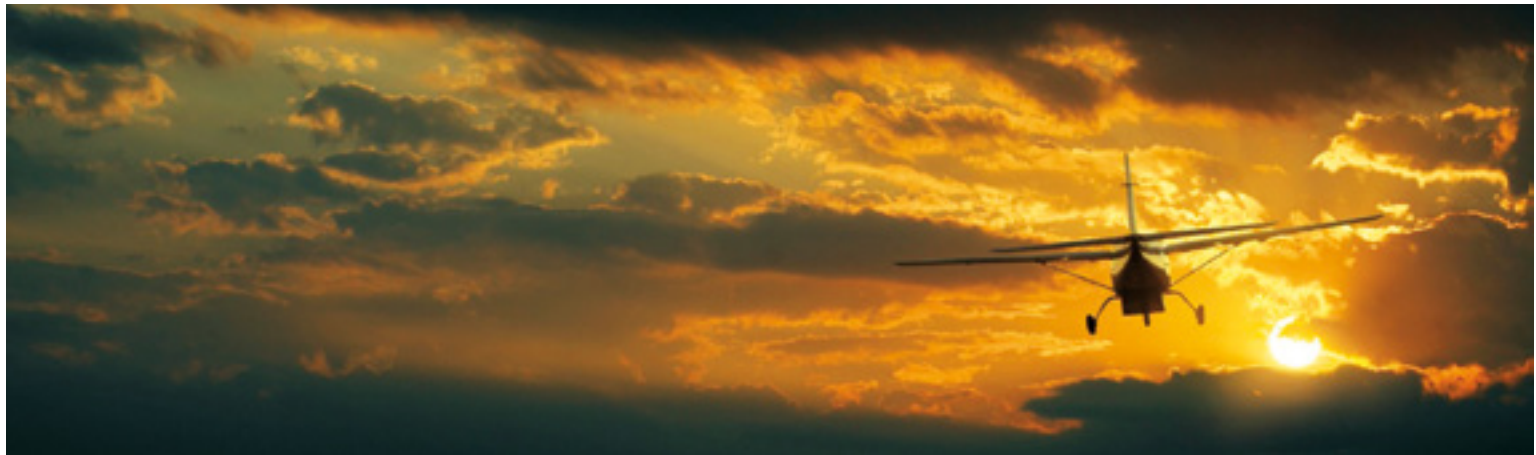

DAY 9

DEPARTURE

End of your Cheli & Peacock Safari.

Sadly, the end of your safari; other plans can be made to go to East Africa's soft white beaches and historic coastal towns, include another safari destination, or depart for home.
