About Us

H & H Outfitters, owned and operated by Alex and Zeke Hayes in association with Trek Safaris, has spent over 20 years exceeding their client's expectations and developing a reputation as the finest in the business.

H & H Outfitters own and control over 20,000 acres of the best land in the heart of the prime roosting areas in Argentina. In addition, they plant crops exclusively for Doves on their land and use no-till methods which provide consistent and unlimited amounts of food. By practicing these game management techniques, we are the only Outfitter in the area that offers excellent shooting throughout the entire year.

A typical shooting day with H & H Outfitters starts after a sumptuous breakfast, with departure to the fields by 8 AM. The shooting fields at each Lodge are carefully rotated and rested to assure maximum bird numbers. The driving distance to the fields ranges between 15 and 50 minutes in our luxury 15 passenger vans with air conditioning, refreshments and two-way radios. Each client shoots with their own experienced professional bird boy, who will provide shells, act as a loader, retrieve downed birds and keep cool drinks ready. Shooting continues until noon, when the group gathers in a shady grove of trees for a traditional Argentine asado (barbecue) complemented with salads, gourmet desserts and fantastic wines. After lunch and an optional siesta, the shoot continues until approximately 6 PM. Upon returning to the lodge, relax with drinks and hearty hors d'oeuvres while preparing for dinner.
