QUALITY AND FLEXIBILITY
IS OUR HALLMARK

“Ma Cousine”

Every inch of the Superhawk, from its sleek prow, stepped hull and streamlined profile exudes elegance and style.

A race-bred machine, it offers endless thrills and excitement. The aft cockpit has ample space to socialize and lunch al-fresco with fold-out table, wet bar, large twin sunbathers and ice chest.

Clever ergonomics below deck have created a spacious air conditioned saloon and forward double berth, plus a luxurious shower room, upholstered dining seating and well equipped galley.

The perfect boat for customised cruises around Mahé's spectacular coastline, pampered by a discreet and professional crew. Soak in the dramatic and diverse scenery and stretch out on some of the most beautiful and isolated beaches on earth.

The well indented coastline, backed by granitic hills of lush tropical vegetation, is studded with quiet coves and secluded bays where you can anchor for a gourmet Kreol lunch.

THE MOST BEAUTIFUL AND
ISOLATED BEACHES ON EARTH.

“A WORLD WITHIN
ANOTHER WORLD”

Cruise over an iridescent horizon of limitless possibilities. The inner granitic islands are an exotic array of topographical diversity - each and every one of them - “a world within another world.”

Cousine Island, a private nature sanctuary with an abundance of endemic wildlife, is a fabulous retreat after each day's stunning cruise of the picturesque islands that surround her.

Just kick back in the cockpit and imbibe the surreal landscape, the undulating or rugged coastlines and the rustic scenes of Praslin and La Digue or the streaming silence of the colourful underwater world near Curieuse and Cocos Islands, while the crew showers you with Kreol hospitality.

With her movie star good looks, the Sunseeker is the ideal location for a photoshoot, seeking the perfect backdrop for eye-catching and glamorous images of the ultimate in luxury and style.
