

Sustainability Policy.

At Peaks and Safaris, we recognize the great need to safe guard the natural environment, human dignity, local cultures and ensure the benefits of tourism trickle down to local communities we operate in. Peaks and Safaris is committed to sustainability and aims to achieve it through efforts to curb climate change which is a serious global challenge towards achieving sustainability.

We aim to follow and promote global/local guidelines to reduce negative environmental impact in our operation and to encourage our client's & suppliers do the same. Given the importance of the strategic role of our business, we commit towards reducing greenhouse gas emissions and strengthening the adaptation measure of our stakeholders.

Our guiding principles:

- To comply with, and exceed where practicable, all applicable legislation, regulations and codes of practice.
- To integrate sustainability considerations into all our business decisions.
- To ensure that all staff are fully aware of our Sustainability Policy and are committed to implementing and improving it.
- To monitor and evaluate natural resource use by measuring consumption in order to reduce wastage & repurpose waste
- To reduce operational costs and increasing productivity through thoughtful resource conservation and waste reduction.
- To make clients and suppliers aware of our Sustainability Policy, and encourage them to adopt sound sustainable management practices.
- To review, annually report, and to continually strive to improve our sustainability performance.

PEAKS AND SAFARIS AFRICA

Riara Centre, Riara Road, off King'ara Road, Block D, Apt D4.

P.O. Box 25240 - 00603, Nairobi, Kenya

Practical steps:

- Minimise our use of paper and other office consumables, for example by double-siding all paper used, switching all our electronics and identifying opportunities to reduce waste.
- Ensure that our staff are well trained about sustainability and any associates that we employ take account of sustainability issues in their advice to clients.
- Undertake voluntary work with the local community and / or environmental organisations and make donations to seek to offset carbon emissions from our activities
- Include a copy of our Sustainability Policy in all our proposals to clients.
