*To assist travellers in wheelchairs, these camps have adapted access to some of the rooms and the lodges main facilities. Please note however that the property is not fully accessible and assistance will be required in certain areas as well as on activities. For extended Botswana safaris, we work closely with an accessibility specialist operator in Botswana to facilitate inter-camp movements, certain activities and specialist guiding focused on servicing accessibility needs.

PLEASE NOTE: Drone use is strictly prohibited at all Desert & Delta Safaris camps and lodges due to the sensitive nature of the regions we operate.
