

Karibu kisiwa wetu, Pemba.

Welcome to our Island

Privately. Perfectly. Pemba.

Just for you

Switch off your noisy, pressurised, polluted electronic world and enter a completely different one – not as a tourist, but as a sentient human being with simple needs – sunshine, fresh sweet-smelling air, natural food, a pristine comfortable bed and friendly company to care for you and yours. All to be found folded into the edge of a primitive forest and set on rising land overlooking the purest, most turquoise waters that ever caught your breath – these waters hide secrets of the most exquisite kind – coral reefs unspoilt – and they are fringed by snow white, delicately soft sand on one of the most beautiful beaches in the world.

This is Manta, our treasured hideaway where you can feel the simplicity of a naturally evolved traditional Swahili island culture – and timeless peace and quiet.

Feel part of our Pemban family, our local staff, trained from the go to translate their natural unspoilt kindness and happiness into helping you in all ways to enjoy freedom and low-key modern comfort.

A group of good people who proudly endeavour to make Manta the special place it is. From the moment you arrive, your every conceivable activity and service during your stay will be all inclusive (with the exception of diving and outside tours).

You will have your own service fundi – a member of staff assigned to assist you personally – even perhaps to take you on visits to his village to meet relatives – if you so wish.

Pemba Channel

Pemba Island

Pemba has been separated from the mainland and Zanzibar for decades, leaving an untouched and pristine island of great beauty and fertility. The mosaic of forests, swamps, mangroves, hidden beaches and lagoons is scattered with the ruins of mosques and tombs mostly reclaimed by the forest – sites that date back to Arab domination when Pemba was seized by the Sultan of Muscat (Oman) in the 17th century. He established his court in Zanzibar and ruled Muscat from there.

Pemba is still the world's major clove producer, around 70% of all cloves deriving from there, but now plays its more traditional role of being an Island Paradise with small inter-island trade.

**A to Z directory.
The do's and don'ts on Manta & Pemba**

Order a sundowner at the beach lounge – a definite DO.
No one shakes a cocktail like Shibani .

Airports

Karume Airport, is situated on the Southern part of Pemba, about **1.5 hours** away from The Manta Resort. This is a domestic airport, with daily flights to and from Zanzibar, Dar es Salaam and Tanga. Please note guests are requested to check in one hour prior to departure.

Arrival and Departure Time

Arrival rooms are usually ready at 14:00. We kindly request that you vacate your room by 11:00 on your day of departure. Please advise staff, should you wish to check out of your room later and we will accommodate your request as far as possible.

Beach Lounge

For your pleasure we have a newly built beach lounge situated close to the swimming pool. This is an open-plan lounge area where we serve drinks, specialty cocktails and snacks throughout the day.

It is tradition at The Manta Resort to serve our guests complimentary **sundowner cocktails** every afternoon at the beach lounge. We hope you feel free to join us!

Bush Babies

Please take note that our natural entertainment in the evenings are our local Lemur species, which we call Bush Babies. This is a small, almost monkey like species. They are vegetarian, which means that you have nothing to fear from them. Please bear with us if things get a bit noisy around your villa at night. This is after all their home, and we are the visitors.

Car Hire

There are no vehicles for hire on Pemba, but we can arrange for a taxi to take you around the island or to the airport. These are local 'Pemban Style' 4x4's, not the latest models.

Dietary Requirements

Please inform us should you require vegetarian food or if you have any allergies and our chefs will be happy to accommodate you.

Dress Code

Casual throughout the day and evening. We would like you to feel as laid back as possible during your time with us. Please do **respect** local customs by not sun bathing topless. Also, should you happen to visit local villages and markets it is customary for women to cover their shoulders and legs.

Electricity

Our sockets are 220 Volts and international adapters are placed in each villa. Please note that electricity on Pemba is very unreliable, but we do have a backup generator which is used for these instances.

Excursions

Should you wish to **explore the island** of Pemba in more depth, there are a number of possibilities for you to consider. We will be happy to arrange these trips once on the island, and they range from half day Ngezi forest trips to full day island trips.

Diving

The diving team at Dive 360 Pemba, will discuss your dive schedule on the day of your arrival. Please refer to the diving brochure included in this folder for further information.

Fire Procedures

Fire extinguishers are located outside your door and throughout the resort. Should we need to evacuate the resort; the staff will inform you where to assemble depending on where the fire is situated.

Guest Laundry

All our laundry is dried by the sun so we cannot guarantee it will come back the same day. Please complete the laundry list and place it together with your laundry in the laundry basket provided.

Internet, E-mail

We do have island speed wi-fi available in the main lounge area. This is a complimentary facility. Simply activate your wireless connection on your laptop.

Kipepeo Spa

The Kipepeo Spa is situated next to the main dining area, overlooking the Indian Ocean.

For more information please refer to the treatment menu at the Spa.

Lighthouse

This historical building is situated a mere 25 minute walk from The Manta Resort. This walk is a very interesting cultural experience, as you will be passing through our local village called Mnarani. Alternatively, please have a chat to us about the tide times and have a walk to this building along the beach. This structure was built in the early 1900's, and offers a breathtaking view, for a small donation towards the lighthouse's conservation.

Malaria

Please be advised that we are situated in a malaria area and we recommend that all guests speak with their local physician. For divers we recommend taking Malarone not Larium . Insect repellent is available in each room. Please apply insect repellent twice daily around sunrise and sunset.

Meal times

Meal times are flexible and are normally served during these times:

Breakfast between 07:00 and 10:00.

Lunch between 13:00 and 15:00.

Dinner between 19:00 and 21:00.

Medical Services

We do have basic medical facilities at the clinic in Konde and Chake Chake.

Mobile Phones

We do have limited cellular coverage and you can roam with your mobile network. The best area to make calls is at the main arrival area in front of reception.

Ngezi Forest

One of the world's oldest rain forest can be found only a couple of minutes from The Manta Resort. Forest walks can be arranged once at the resort.

Payment

We accept Visa and Mastercard. We also accept Euro, US Dollar as well as Tanzanian Shillings. Please have a chat to us about the latest exchange rates offered for these currencies.

PECCA (Pemba Channel Conservation Area)

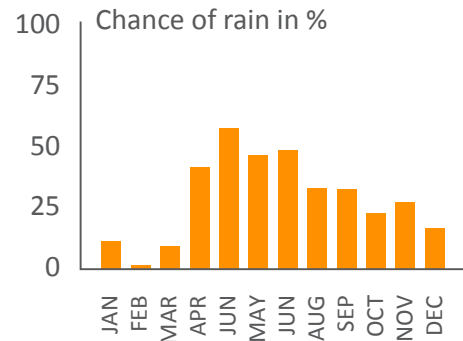

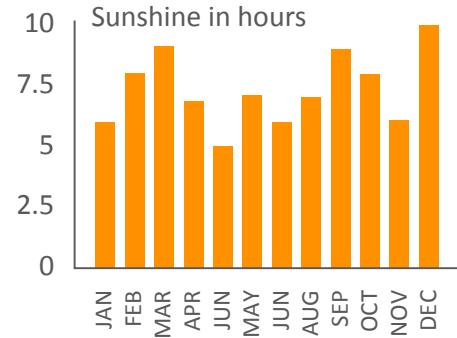

Please note that for every day that you dive or snorkel on a trip there is a €5 fee that goes directly to PECCA. They strive to keep the reefs of Pemba healthy for future generations.

Security

Please note that The Manta Resort cannot be held responsible for the loss of any guest items while at the Resort. Please hand any valuable items in to the manager on duty for safekeeping.

Smoking

We ask that guests refrain from smoking inside the guest villas. Ashtrays are available on the guest balconies as well as at the main lounge areas.

Special Occasions

Please share your special occasion with us. Please note that we offer a private Beach Dinner, or Sandbank Dinner, depending on the weather and tides. The meal consists of a delicious **seafood platter** for two, including lobster, as well as a bottle of wine. Please feel free to request this with the manager on duty.

Swimming Pool

Our pool operates on a chlorinated system. Your service team will refreshments should you require this service. We do place towels on the sun loungers throughout the day. For additional towels please ask any member of staff or check with the dive centre.

Water

Please be advised that the tap water is not drinkable. We have supplied your villa with bottled water. All bottled water is served complimentary during your visit.

Weather

As The Manta Resort is located very close to the equator the temperature and climate is very stable. The western Indian Ocean is dominated by two monsoon winds. The KazKazi comes southwards from December till April. Then the Kusi arrives in April and blows back north till October. Then we have two mini seasons between these monsoons when the wind blows very gently as the seasons change. The light rains are in November but usually are brief showers between long stretches of sunshine. The beginning of each new season brings rains. The heavy rains fall between late April and early June. The hottest season is January to March but there is usually a refreshing sea breeze. Daytime temperatures usually vary between 26 and 32 degrees centigrade.

Star gazing

As you will notice on a moon-free night on The Manta Resort- there are more stars in the sky than you ever imagined. For the best experience, ask us to arrange some star gazing on the beach. Simply an unforgettable experience.

Southern Cross

The Southern Cross is a constellation consisting of seven stars. The two pointers are called Alpha centauri and Beta centauri. The Southern Cross can normally be seen in a southerly direction. To find south, the easiest way is to extend the long arm of the cross four and a half times in the same direction as the long arm. This point will be directly above the Southern point on the horizon. The second way is to draw an imaginary line through the long arm of the cross, and another line perpendicular through the two pointers. Where these two lines meet is also directly above south.

Orion's belt

The constellation of Orion is the most prominent in summer time and is easiest identified by the three bright stars lined up in a row. This forms the belt of Orion, who is actually a man seen upside down in the southern hemisphere. Other prominent stars in this constellation are Betelgeux, Belatrix and Rigel.

Scorpio

This constellation is most prominent in winter time and quite easy to recognize as it actually looks like a scorpion. The most prominent stars in this constellation are called Antares and Shaula.

The Milky Way

The Milky Way is a galaxy of which our solar system is a part. A galaxy can contain as much as 100 000 million stars like ours as well as gas clouds and debris. Local folklore has it that a little girl was hungry and went to where her mother was busy cooking to ask for food. Her mother replied that the food was not ready yet. The girl was very hungry and impatient, and when her mother turned away, she tried to lift the lid of the pot and stepped on a burning coal. As she threw the pot lid away, she scattered the ashes and coals into the sky where the Milky Way started.

Accommodation at
The Manta Resort

Seafront Villas

Six newly built luxury sea front villas. These air conditioned villas are spacious and private, with a centered king size bed and large en-suite bathroom. A secluded sun terrace faces a spectacular ocean sunset. All Inclusive.

Superior Garden Rooms

Two pairs make up the four Superior Garden Rooms with views of the sea between the foliage. One of the two pairs has an interconnecting door which makes it an excellent choice for families or larger groups. The Superior Garden Rooms are air conditioned with a king size four poster bed and private makuti thatch covered terrace. All Inclusive.

Standard Garden Rooms

Our standard rooms are open plan makuti thatched rooms situated in our gardens. They all feature a centered king size bed covered by a mosquito net, open plan en-suite bathroom, and a comfortable verandah to relax on. These rooms offer great value and are part of our all-inclusive product. They are not air conditioned, but do have a wall fan.

All of us are committed to making your stay with us fun, relaxing, memorable and a wonderful adventure. Please do not hesitate to contact us if there is anything we can do for you!

Enjoy your stay with us and may it be filled with many special memories. Warm regards,
The Manta Resort family
