Kindly attach following documents when completing this form

- Passport Copies
- Flight tickets
- Driver's License (if it is also in English, an international License is not needed)
- Any information on medical conditions, special occasions, or Dietary requirements
- Kindly note we act as the agent of the client when booking the client with a car hire company, an airline or air charter service. The client therefore contracts with the car hire company, airline, or charter service and not with the Desert Tracks.
- We will forward you any information needed by the company. They request your bank to reserve a temporary authorisation hold against the funds of your card.
- This temporary authorisation hold will be the estimated cost of your rental (including a security authorisation and any extras accepted) less any amount paid in advance. An additional location specific / weekend authorisation hold may apply.
- The time to release the temporary authorisation hold is dependent on your bank, and in certain instances it may take up to 30 days before it is released.
