

Additional terms Bharte-reizen

- 1. Whenever possible, I work with companies aimed at making a meaningful contribution to the environmental, social and human impacts of tourism on the environment. These contributions often, but not exclusively, include environmental protection and support for endangered species conservation or community development. Part of the travel sum is reserved for this.*
- 2. Booking directly through my website is not possible. As soon as I know your travel wishes, I will process them in a quote. With this I will visit you at home to go through the details in your own comfortable home situation and adjust them if necessary. We can also meet elsewhere or I can send the quote.*
- 3. Short air travel (3 hours or less), air travel for 'a few days' and fun destinations (city trips, festivals, etc.) are unnecessarily polluting. I'm not booking this one. Exceptionally I arrange air travel within Europe to Finland, Ireland and Iceland.*
- 4. Travelers respect their travel destination; the people, animals, materials and nature there. In the event of misconduct, I reserve the right not to carry out subsequent trips for any of the existing travel group.*
- 5. Travel service providers can take all reasonable measures and require Travelers to cooperate, including to prevent and combat calamities, to limit health risks, to prevent damage or to comply with government regulations. In the event of non-compliance with the measures or instructions, the Traveller may be denied the Travel Service and access.*
- 6. Everyone in the travel group is strongly advised to have taken out travel insurance in good time, including reimbursement of medical costs. I write down the name of the insurance company and ask for an emergency number (e.g., family) that I can contact in case of an emergency.*

- 1. My work area is Europe. Clients come from this region.*
