

Facilities - Mess Tent

A Bedouin-style stretch tent forms the mess tent and communal dining area and provides shade from the African sun. Side panel shade-netting protects against the elements and prevailing winds.

Underneath the shelter are the dining tables and camp chairs - which can be moved around the camp fire for sundowners and fireside stories of an evening.

Unlimited clean filtered water is available at the mess tent. Self - service drinks. Honesty Bar System. Cold Fridge at the mess tent with chilled beverages & sodas.
