Lentswe Le Moriti
Botswana

Mashatu Game Reserve

Where the borders of Botswana, Zimbabwe and South Africa meet, exists one of the brightest stars in Botswana's tourism universe, Mashatu Game Reserve.

Why Mashatu ...

- ✓ 31000 ha (76600 ac) private game reserve in Botswana allowing for off-road driving, night drives, and open safari vehicles (permitting excellent sightings of birds/ leopards in trees/ night skies).
- ✓ Largest herds of free roaming elephant on a private game reserve in Africa.
- ✓ Some of the finest predator viewing in Southern Africa with daily sightings of cheetah, lion, leopard, hyena, black-backed jackal and African wild cat.
- ✓ Unfenced between international neighbours.
- ✓ Eight rivers on the property - Even though Mashatu is in a semi-desert region, it is due to the rivers, that the wildlife chooses to make Mashatu their home.
- ✓ Adventure safaris - Mountain biking, walking, horse safaris and underground photographic hides, filming safaris, night drives, community village visits, rock-art site visits and exploring famous historical ruins.
- ✓ Low rainfall each year (average of only 29 days per annum) – NO GREEN SEASON which means Mashatu combines so well with the Western Cape and is a year-round safari destination.
- ✓ Grass which is seldom longer than 10-20cm, even in the summer months, therefore a high photographic 'hit rate'.
- ✓ Incredibly diverse landscapes throughout the reserve, with open savannahs, to riverine thickets, to large vleis areas, to large rocky outcrops and elevated koppies.
- ✓ Four very different camps (5* Mashatu Euphorbia Villas, 4* Mashatu Lodge, 4* Tuli Safari Lodge Mashatu and 3* Mashatu Tent Camp) and the Kgotla (sleeping under the stars).
- ✓ Mashatu offers daily 60-minute flights from Lanseria Airport in Johannesburg (with complimentary transfer from OR Tambo airport). Can easily combine with the Sabi Sands and Maun on charters we book with Mashatu Connect
- ✓ Botswana as part of a South African tourism circuit with a very easy self-drive route.
- ✓ Average employment of rangers – 15 years.
- ✓ Complimentary Wi-Fi at all camps.
- ✓ Incredible 'Tuli' light for photography.
- ✓ Environmentally conscious camps ...
 - ✓ All guests are given insulated water bottles which keep beverages hot or ice-cold for up to 10 hours reducing single-use plastics.
 - ✓ Provision in place for camps to be generated by solar power within the next 2 years.
 - ✓ No hunting or consumptive tourism of any sort.
- ✓ Voted "Best Value Safari in Botswana 2019" - Safari Awards 2019!
