On the face of it, townships seem merely to be sprawling, chaotic zones overflowing with South Africa’s most disadvantaged citizens. This is to some extent true, but make a point to delve deeper and you will recognise that they are also places of great strength, courage, song and dance, survival, love and yes, happiness.

Here, there are no high walls dividing neighbours, and people gather in the streets to live a life in communion. We at Emzini Tours will provide you with a glimpse of this reality, offering insight into the areas that people often shy away from.
