INTRODUCTION

The most popular activity is the unique kayak and lilo adventure up the Storms River Mouth. It's an up close and personal encounter with Tsitsikamma's famous Storms River. Starting on the kayaks we paddle up the river, passing the bats' cave, steep cliffs and majestic views.

At the rocks we disembark from our kayaks and jump on the inflatable lilos to explore deeper into the gorge and experience a part of the Storms River that you can't get to by boat! Gently wading deeper into the untouched gorge and finishing off with some cliff jumps we return back to our shop after our 2-2 ½ hour adventure. Fully guided and no experience required.

INTRODUCTION

The Tsitsikamma Canopy Tour® takes place in the magnificent Tsitsikamma indigenous rainforest. Many of the platforms are built around giant Outeniqua Yellowwood trees that are up to 700 years old! Standing within the crown of these giants and looking down at the lush forest floor thirty metres below is an experience of a lifetime.

The scenery and bird-life is spectacular and professional guides ensure your safety while keeping you informed about interesting features of the forest ecology. If you are fortunate enough, you will spot a pair of Knysna Loeries or the brilliant red plumage of the elusive Narina Trogon.

Whatever happens, we're quite sure you'll be back again!
