DAY 1 • 2 • 3 • 4

Serian is the first of Alex's charismatic camps, and it's set along the banks of the Mara, bursting with laughing pods of languorous hippo. 'Mara' is the Masai word for 'dotted', and indeed this rich zone is littered with wildlife wherever you look – famed for its sheer density of game, this is the perfect location to kick off your safari. Explore in one of our safari vehicles, or take a walk on the wild side and head out on foot – both will bring different levels and layers to your experience... And top it off with a nocturnal adventure: take a bush dinner and red-filter spotlights and discover what the wilderness has to offer by way of nightlife.

DAY 5 • 6

Heading down the wilderness, you will hop across the border into Tanzania's Serengeti plains. Nomad's camp is named after the 'Lamai Wedge' – a golden triangle defined by the Kenyan border on top, and the Mara River below, and remarkable for the beauty of the landscape as well as for fantastic sightings of predators and black rhino.

With the plains to yourself, absorb the mesmerising savannah, and spend quality time seeking out and hanging with animals. Have a picnic under a tree: channel the full-bellied lions and gaze up at the sunlight dappling through the leaves.

DAY 7 • 8 • 9 • 10

Leaving the Mara River behind, our Serengeti South camp takes you to the extreme tip of the savannah. Set on the edge of the short-grass plains that host the million-strong wildebeest birthing season, it's hard to imagine a more stunning location to wrap up your adventure. Dramatic storms sweep in new life, and babies and attendant predators are everywhere. Flora bursts forth, fields of wildflowers bloom, and the striking contrast of red Masai against the emerald background makes for a perfect palette. Part of the beauty of this spot is the Masai way of life in its most natural state – and the other part is the opportunity to explore on foot: stretch your legs and open your senses to immersion in this wild space, as our local guides show you to see through their eyes.

Our Kusini campsite is tucked under a canopy of striking Tortilis trees, in a woodland that the wildebeest weave through as they search for grazing and birthing spots. Set just outside Ndutu, this secret little spot combines delicious solitude with unparalleled game viewing: idyllic for winding up your trip.
